

TOWN RECORDS 1959
AND
REPORTS
OF THE
TOWN OFFICERS
OF
WESTON
MASSACHUSETTS

For The Year Ending December 31, 1959

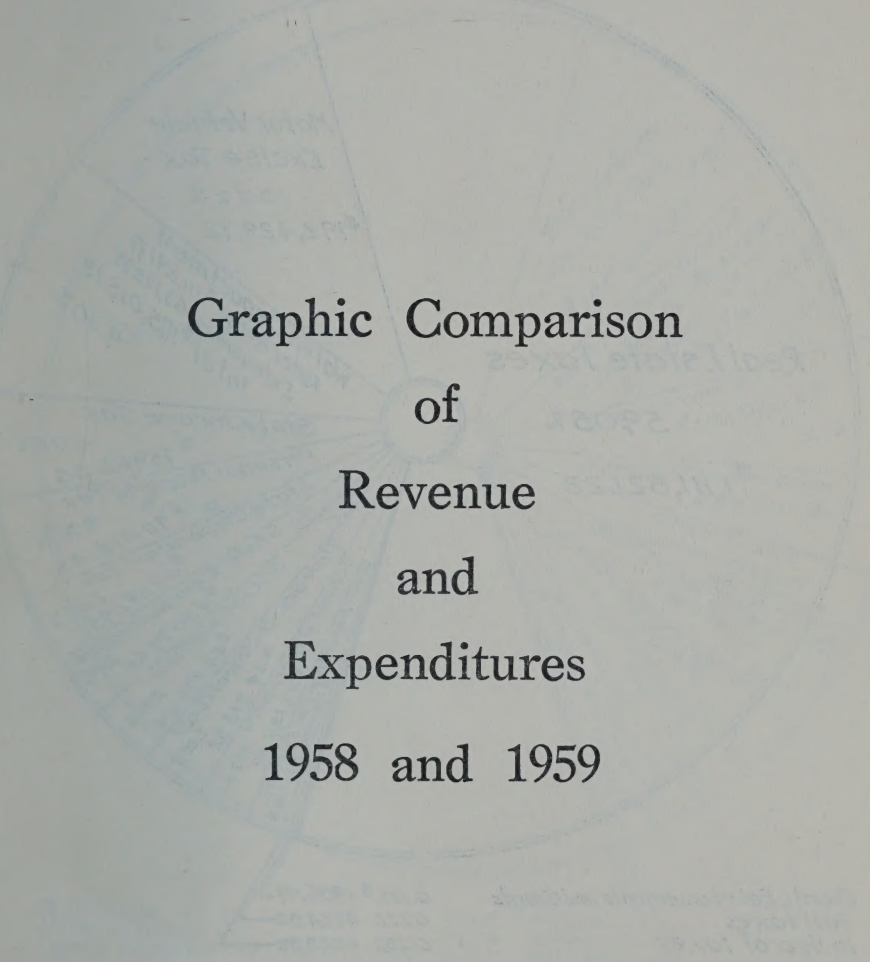

THE LEXINGTON PRESS, INC.
LEXINGTON, MASSACHUSETTS

The Cover

The cover design for this report represents the composite efforts of thirty-five pupils in the art classes of Weston High School. The lettering was done by Christine Cetrone, Class of 1962, whose entry was selected from the many submitted by the students. The remainder of the cover design consists of a number of abstract design units selected from the units submitted by all of the students in the Weston High School art classes.

WARRANT
for
ANNUAL TOWN MEETING
1960

Commonwealth of Massachusetts
Middlesex, ss.

To any Constable of the Town of Weston, Greeting:

In the name of the Commonwealth you are hereby required to notify and warn the voters of said Town, qualified to vote in elections and town affairs, to meet in the Town Hall in said Town on Monday, the twenty-eighth day of March, 1960, at 7:30 o'clock a. m. to act on Article 1 of this warrant; and to meet in said Town Hall on the same date at 8 o'clock p. m. to act upon the remaining articles of this warrant.

Article 1. To bring in their votes for the following town officers to be voted for on one ballot:

A moderator	For term of One Year
One selectman	Three Years
One member of the board of public welfare	Three Years
One assessor	Three Years
One member of the school committee	Three Years
A treasurer and collector	One Year
One library trustee	Three Years
One trustee of the Merriam Fund	Three Years
One trustee of the Merriam Fund (to fill vacancy)	One Year
One park commissioner	Three Years
One cemetery commissioner	Three Years
One member of the board of health	Three Years
Three measurers of lumber	One Year
One commissioner of trust funds	Three Years
One water commissioner	Three Years
One member of the planning board	Five Years
A tree warden	One Year
Two members of the recreation commission	Three Years

And to give their votes Yes or No on the following question which will appear on the ballot: "Shall the town pay one half the premium costs payable by a retired employee for group life insurance and for group general or blanket hospital, surgical and medical insurance?"

The polls will be opened at 7:30 o'clock a. m. and may be closed at 7:00 o'clock p. m.

Article 2. To hear and act upon reports of town officers and committees.

Article 3. To raise and appropriate such sums of money as may be necessary to defray the costs of government and other town charges for the current year; and to fix the salaries and compensation of elected officers of the Town for the current year.

Article 4. To authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the current financial year, and to issue and renew or refund a note or notes therefor.

Article 5. To transfer money from the overlay reserve fund to the reserve fund.

Article 6. To appropriate money from available funds for the purpose of deduction by the assessors in determining the annual assessment of taxes in the current year.

Article 7. To appropriate for the support of the Public Library the dog license refund received in the current year.

Article 8. To appropriate money from available funds in anticipation of state and county reimbursement for chapter 90 highway maintenance and construction.

Article 9. To accept any or all of layouts of Page Road, Irving Road, Warren Lane, Bemis Street, King's Grant Road, Bradford Road, Bay State Road, Hubbard Road, and Bullard Road as public town ways made by and described in orders of the selectmen adopted March 19, 1960, on file in the office of the town clerk.

Article 10. To appropriate money to indemnify Richard J. Fanning under General Laws, chapter 41, section 100, as amended, for expenses or damages sustained by him through injury suffered by him while acting as a call fireman of the Town.

Article 11. To establish a permanent open areas committee; and to appropriate money for the expenses of the committee for the current year.

Article 12. To discharge the special committee established in 1953 to investigate the matter of a town forest.

Article 13. To amend the vote adopted under Article 20 of the warrant at the town meeting held on March 21, 1955, authorizing the acquisition of certain lands for a public domain or domains to be used as a town forest or forests, so as to authorize the acquisition of lands situated anywhere within the limits of the Town for such purposes; and to appropriate additional money for the acquisition of lands under the authority of said vote.

Article 14. To constitute the parcel of so called tax title land of the Town situated on the northwest side of Church Street adjacent to the southwest side of the location of the Boston and Maine Railroad (Fitchburg Division) a public domain to be used as a town forest, and to transfer the care, custody, management and control of said parcel to the town forest committee established under General Laws, chapter 45, section 21 (the so called town forest management committee).

Article 15. To amend the vote adopted under Article 1 of the warrant at the town meeting held on March 10, 1958, appropriating money for the construction and original equipping and furnishing of a new elementary public school building, by reducing the amount authorized to be raised by borrowing and the issuance of bonds or notes from \$720,000 to \$670,000, and by reducing the amount of the appropriation from \$754,000 to \$704,000.

Article 16. To amend the vote adopted under Article 10 of the warrant at the town meeting held on March 31, 1958, appropriating money for the construction of a standpipe or reservoir on Paine's Hill, by reducing the amount authorized to be raised by borrowing and the issuance of bonds or notes and the amount of the appropriation from \$85,000 to \$75,000.

Article 17. To authorize the acquisition of water mains, pipes, hydrants, and other water facilities, including (without limitation of generality) those of the Weston Water Company and the Keewaydin Water Company, and lands in fee and easements, rights, and other interests in lands and ways for the purposes of the Town's water department and water system, in the south part of the Town; and to authorize the abatement or cancellation in whole or in part of indebtedness of the Weston Water Company to the Town for water supplied.

Article 18. To appropriate money, to be provided by borrowing and/or by taxation and/or from other sources, for laying or relaying water mains, and to authorize the issuing of bonds or notes.

Article 19. To appropriate money for capital improvements of the standpipes of the Town's water system.

Article 20. To appropriate money for a study and investigation of the sources of supply, plant and facilities, rate structure, and other matters pertaining to the Town's water department and water system.

Article 21. To amend the zoning map on file in the office of the town clerk entitled "Zoning Map Town of Weston, Massachusetts, as amended 1954" and constituting a part of the zoning by-law, Article VIII of the by-laws, by changing from Residence District B to Business District B the land of Bernice G. Caffrey situated on the north side of the Boston Post Road and bounded southerly by the Boston Post Road, westerly by land of Mabel G. Burrage and Constance E. Burrage, northerly by land of Sarah U. Ferris, and easterly by land of the Christian Science Society of Weston.

And you are to serve this warrant by posting three attested copies thereof, at the Town Hall, at the Kendal Green railroad station, and on the town bulletin board at the junction of South Avenue and Newton Street, seven days at least before the time appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the selectmen at the time and place of said meeting.

Given under our hands March 19, 1960.

EDWARD M. DICKSON
DOUGLAS MERCER
EDWARD R. LANGENBACH
Selectmen of the Town of Weston

REPORT OF THE BOARD OF SELECTMEN

DUTIES AND POWERS

The duties and powers of the Board of Selectmen are difficult to describe briefly. The Selectmen, in addition to having innumerable other duties, are directly responsible for the Police, Fire and Highway Departments. However, most of the other Town Departments are under the direct administration of other Boards or officers. If a Town organizational chart were drawn, it would be readily seen that the Board of Selectmen does not have the general supervision and charge of the Town's activities as has the Board of Directors of a business corporation.

At the same time, the Board of Selectmen has certain specific duties which relate directly to the activities of all of the Town's Departments. For example, the Selectmen approve the borrowing of money by the Town, insure its properties and acquire land for most Town purposes. In addition, there are three significant duties placed upon the Selectmen which give them a very real obligation to concern themselves with all of the Town Departments. These duties are (1) approval of all Town bills for payment by the Town Treasurer; (2) preparation and submission of the Town Budget; and (3) calling Town Meetings.

As a result, the Board of Selectmen is the only Town Board which must have a constant knowledge of the activities, needs and problems of all of the Town's Departments. Due partially to these factors and partially to tradition, the Weston Board of Selectmen has long been considered by the residents of the Town as being responsible for coordinating all of the Town's official activities. We, the present Selectmen, have tried to accept this responsibility, as have our predecessors. While we do not seek to enlarge our powers, we firmly believe that we and our successors should continue to perform this function. From time to time we have offered our assistance to various other Boards and have made suggestions to them. At the same time, we have sought to encourage them freely to make suggestions to us. We trust, also, that we and our successors will continue to encourage and develop the many new and challenging ideas presented by the other boards and officers.

ACTIVITIES DURING 1959

Since the 1959 Annual Town Meeting, in addition to our routine duties, our efforts have been devoted in large part to administrative matters and to planning for the future. Among other things, we have:

- (a) Inaugurated, in cooperation with the Finance Committee and the Planning Board, a three year major expenditure budget for all Town Departments.
- (b) Participated in the plan to establish an Open Areas Committee.

- (c) Participated to a limited extent in the planning of our new High School.
- (d) Initiated a plan for "speed zoning" our major streets.
- (e) Completed plans for the relocation of Wellesley Street in the vicinity of Regis College.
- (f) Participated with citizen groups in opposing proposed abandonments of commuter service on the Boston & Maine and the Boston & Albany Railroads.
- (g) Appointed a committee headed by Mr. William R. Dewey, Jr. to look into our possible future needs for added fire protection.
- (h) Appointed a committee headed by Richard H. Field, Esquire, to look into our unlimited form of town meeting and our caucus system.
- (i) Prepared preliminary plans for an eventual addition to the Town Hall which might include a new police station.

We particularly invite your attention to the inauguration of a three year major expenditure budget, a copy of which is included in this report. We are glad to tell you that all of the Town Boards and officers have given us splendid cooperation in its preparation. We intend to continue this budget annually and perhaps to extend it to cover a five year period. Such a budget should help the Town to avoid extreme fluctuations in the tax rate by allocating priorities and to establish at some time a stabilization fund. With the exception of possible alterations to the Town Library, which probably will be considered at a special town meeting to be held this spring, all of the items in the Major Expenditures for 1960 have been included in the 1960 budget or will be the subject of separate articles in the warrant for the Annual Town Meeting.

During the year the Board of Selectmen completed negotiations for the purchase for \$85,000. of 62 acres of land at the corner of South Avenue and Wellesley Street from the Trustees under the will of Charles J. Paine. This is the land on which our new High School will be located.

During the year the Town acquired by gift from the Estate of Brenton H. Dickson, Jr. about 11 acres of Town Forest land off Concord Road near the intersection of Merriam Street. We know that all of the residents join us in expressing our great thanks for this generous gift.

We wish to express our gratitude to the administrative heads of the various Departments, to the Executive Secretary and to all of the other town employees for their splendid work and cooperation during the year. It is evident that with the growth of the Town the burden on the Town Executive Secretary is becoming more than one man should be asked to carry. During the next year we propose to engage an assistant to aid him in his work as Town Accountant.

1960 BUDGET AND TAX RATE

The 1960 budget, which appears elsewhere in the Annual Town Report, provides for total expenditures of \$1,820,878, an increase of \$285,400 over the 1959 budget. To this must be added \$499,790 to cover such payments as principal and interest on debt, State and County charges and items to be appropriated under special articles in the warrant for the town meeting, all of which must be raised by the Town from revenue. Thus, a total of \$2,320,668 must be raised by the Town from revenues, as compared with \$2,020,486 in 1959. The following table shows by principal classifications the amounts spent in 1959 and the amounts recommended, or in the case of debt service and State and County charges required, in 1960. Further details are found in the full budget.

	1959 Spent	1960 Budget
General Government	\$ 80,122	\$ 102,982
Protection of Persons and Property	167,743	213,980
Health and Sanitation	16,147	17,275
Highways	123,343	149,242
Public Welfare	37,612	38,986
Libraries	36,590	39,552
Recreation	42,426	28,858
Water Department	56,933	63,097
Cemeteries	14,474	19,755
Retirement Fund, Insurance and Unclassified	43,788	58,244
Debt Service Exclusive of Schools	55,677	95,908
Total other than Schools	<u>\$ 674,855</u>	<u>\$ 827,879</u>
Schools	955,153	1,082,897
School Debt Service	365,759	330,457
Total Schools	<u>\$1,320,912</u>	<u>\$1,413,354</u>
Separate Articles in the Warrant	44	7,400
Total Town Services	<u>\$1,995,811</u>	<u>\$2,248,633</u>
State Charges	11,288	13,999
County Charges	54,969	56,087
Totals —	<u>\$2,062,068</u>	<u>\$2,318,719</u>

We have provided in the budget for increases in rates of pay of the Town's employees. While these increases are mostly about 5%, certain of our heads of departments are to receive somewhat greater increases. The Town is fortunate in the number of its capable and loyal employees. We believe that the proposed increases will establish rates of pay which are reasonable and fair and commensurate with the nature of their duties and responsibilities. However, short of

marked changes in the cost of living and other relevant factors, we do not expect that further adjustments in similar amounts will be advisable for a number of years.

The Finance Committee has done a splendid job in reviewing the budget. In some cases they have suggested reductions which have been made. In other cases, they have raised questions as to whether the amounts provided were sufficient to do a needed job in a manner which would prove in the long run to be the most economical. Although we have reviewed the School budget, it is not our primary responsibility. The Finance Committee has made a number of worthwhile suggestions to the School Committee and we are glad to report that these suggestions have been accepted in the main by the School Committee.

While the Board of Assessors is charged with fixing the tax rate, it appears that adoption of the 1960 budget will increase the tax rate from \$52.60 in 1959 to about \$61.00.

There are two appropriations proposed under separate articles in the warrant, which should be of particular interest. First, provision has been made for the appropriation of \$25,000 to be used for the acquisition of additional town forest land. This is in line with the recommendations contained in our earlier letter to the Town that the program of acquiring additional open or forest areas for the Town should be continued within reasonable limits. The second is an appropriation of about \$25,000 for the laying of water mains to connect the Weston Water Company and another small private water company with the Town mains. This appropriation, however, is subject to reaching an agreement with the Weston Water Company providing for the Town's acquisition of its physical assets. The Weston Water Company serves some 130 customers in the south side of the Town and for many reasons it seems wise that these customers be served in the future by the Town Water Department. It is presently contemplated that in connection with the acquisition of the Company's physical assets the Town will waive the \$2,975 indebtedness owed to it by the Company.

There will appear on the ballot for election of Town Officers the following question: "Shall the town pay one-half the premium costs payable by a retired employee for group life insurance and for group general or blanket hospital, surgical, and medical insurance?" In 1958 the Town voted to accept Chapter 32B of the General Laws which authorizes the payment of one-half the premium costs of such insurance for regular employees of the Town. Retired employees are now permitted to continue their insurance coverage by payment of the entire premium. An affirmative vote on the question on the ballot will authorize the Town to pay one-half of this premium cost for retired employees. The Board of Selectmen recommends a "Yes" vote on this question. There are only two persons who will benefit from the acceptance of this provision at present and the cost to the Town will be minor.

Two articles in the warrant provide for the reduction of outstanding authorizations to borrow money for school and water purposes. In each case it proved unnecessary when final cost estimates were received to borrow the full amount authorized by vote of the Town. The

votes to reduce the authorizations are technical matters which should tend to improve the credit standing of the Town for future borrowing.

Another article proposes the transfer to the Town Forest Management Committee of custody and control over a small parcel of land (.61 acre) held by the Town as so-called tax title land located on the northwesterly side of Church Street and along the southwesterly boundary of the Boston and Maine Railroad (Fitchburg Division). Stony Brook flows through this parcel of land. Dedication of the land by the Town to town forest purposes has been recommended by the Moderator's Town Forest Committee and the Planning Board. It will provide a small but important link in the development of a portion of the open areas program along Stony Brook where some land has already been acquired by the Weston Forest and Trail Association.

THE FUTURE

We are naturally concerned about our ever growing tax rate. In 1956 the total amount raised by the Town from revenue was \$1,080,606 and our tax rate was \$42, as contrasted with \$2,320,668 to be raised from revenue in 1960 and an estimated tax rate of about \$61.00. While the number of dwellings in the Town has increased by about 300 and our total assessed valuation by an estimated \$5,141,000 during this period, it is obvious that the combination of inflation, new schools and increased services have out-distanced our increased valuations.

By the end of 1960 our per capita debt will approximate \$500, a high figure. This factor alone has a marked effect on our tax rate because of the relatively large amount required to pay the principal of and interest on our debt.

It is evident that a significant growth in the Town's population will take place in the next few years. In terms of Town services, this will be an important and perhaps expensive segment of our growth. Some of our departments will require expansion and even reorganization if they are to continue to serve us as well as they have in the past.

There is, of course, the possibility of alleviating the burden of property taxes through a state sales tax. However, there are also a number of suggestions to have some of the City of Boston's financial burdens shifted to the suburbs by "Metropolitanizing" the Greater Boston Area. It is far from clear what the net effect would be on Weston if either or both of these proposals were adopted.

On the brighter side, our annual debt service payments will gradually begin to decline in 1962 and with cooperation from all, our major expenditure budget should help us to avoid extreme fluctuations in the tax rate.

During the next year we intend to pursue the studies which we inaugurated in 1959 with respect to fire protection, our form of town meeting and caucus system and future major capital expenditures. Further attention must be given to the improvement of a few of our streets. We shall give further study to the operation of our dump and future requirements for refuse disposal. We also intend to continue the evaluation of some of our major policies with particular reference to their relationship to the Town's finances.

Detailed Recommendations

GENERAL GOVERNMENT

Town Hall Addition — Additional office space will probably be required within the next five years. Preliminary plans are being prepared for an addition, which may incorporate suitable offices for the Police Department. No figures are available as the plans are still incomplete.

Office Equipment — The ten year old machine used for billing and much of the other financial record work by the Treasurer and the Town Accountant is no longer adequate. In order to obtain a suitable replacement in 1961 \$7,000. must be made available in 1960 and the order placed. The remaining \$2,000. in 1960 is for a counter register required by the Treasurer.

Impartial Appraisal of Real Estate — In 1962 ten years will have elapsed since the completion of our first professional revaluation of taxable real estate. The Board of Assessors recommends, in view of the marked increase in land values and the development of large tracts, previously vacant or used for farm land, that an up to date professional review is necessary by 1963 to assure equalization and also to assure that our land valuations are up to date. The sum of \$4,000. is provided for this purpose in each of the years 1961 and 1962.

Master Plan — Drainage Study — As the number of houses increases the drainage problems multiply. They can no longer be handled effectively on a piece-meal basis. A master plan, to be prepared by experts in the field, will be of great assistance to the Planning Board, the Town Engineer, and the Highway Department. The estimated cost of \$13,000 has been spread over the two year period 1961-1962.

PROTECTION OF PERSONS AND PROPERTY

New Fire Station — This matter is being studied by a special committee appointed by the Selectmen.

Protection Equipment — Under F. C. C. rulings, the radio communication equipment used by the police, fire and highway departments must be converted to "narrow band" standards or replaced with "high band" equipment. The latter, although at least doubly expensive initially, appears to be the most sensible long range course. The sum of \$7,840. is provided for this purpose in 1960. A new fire department pumper will cost \$9,000 in 1961 and a new pump on another truck will cost \$3,000 in 1962. Provision is also made for police car replacements and additions (\$10,000. aggregate for the years 1960, 1961, and 1962).

HEALTH AND SANITATION

Town Dump — While not yet a pressing problem, the need for an additional or substitute dumping area is evident. It will probably be advisable to locate and purchase an area for this purpose with-

in the next five years even though it may not be needed until several years later. No figures are available.

HIGHWAYS

The department needs a heavy duty front-end loader in 1960 at an estimated cost of \$14,500. which will be adequate for snow removal primarily in school parking areas and in the center of the town. It will also serve many other purposes. The present ten year old light-weight loader will not do the job. Provision is also made for replacement of a truck in each of the years 1961 and 1962. Chapter 90 Construction (3/4 of which is reimbursed by the State and County) is estimated at a net cost to the Town of \$5,000. per year. Other road widenings, straightenings, drainage and land takings are projected at the average annual rate of \$9,000.

SCHOOLS

A total of \$17,500 spread over three years has been allocated for rehabilitation of certain athletic fields which have suffered major deterioration in recent years. A light truck, now badly needed, is to be purchased in 1960 for \$3,300. The other figures shown are for additional improvements at the Case House (\$4,550), air conditioning in various offices (\$3,000) if needed, and instructional equipment in connection with projects that may be largely financed by educational foundations (\$18,000), to be spread over the next three years. The instructional equipment expense will be incurred only if grants of much larger amounts are received from the foundations. The estimated cost of amortizing the bonds for the new High School over a term of 15 years (the term has not yet been decided) is included under "Debt Service".

LIBRARY

Library Addition — The Library Study Committee is preparing its report. Indications are that an addition to the library for construction in four or five years will be recommended. Also, immediate alterations to the present building and modernization of its equipment and furnishings to use more effectively the space available will probably be a logical first step, in order to reduce the size and cost of an addition. A "guesstimate" of \$25,000 for this purpose has been tentatively included in the 1960 figures, although it is not sufficiently definite to be included in the 1960 budget to be acted upon at the annual town meeting.

RECREATION

Development of the former Renwick land on Merriam Street (acquired by the Town in 1959) for playground use is estimated to cost approximately \$5,000 in 1960. Provision is made for the expenditure

of \$15,000 in 1962 for the acquisition and development of playground lands on the south side of town. Two amounts of \$1,500 are projected for outdoor basketball courts in 1960 and 1961. Although less than \$2,000 in each year these were included in the budget because they are parts of a single program estimated to cost in excess of \$2,000.

WATER DEPARTMENT

It is evident that an additional source of supply will be required soon, probably within the next three years. If new wells are located without too much trouble the cost should be about \$75,000. This sum would probably be borrowed, thus spreading the cost over several years subsequent to 1962. The sum of \$6,000 is provided in 1960 for a professional survey of possible additional sources of supply. It is also advisable to reexamine the question of connection with the Metropolitan Water Supply system to determine what long range solution would be best for the town. Although about \$100,000 per year is required for main extensions that sum is not included in the chart as it is repaid by developers. An amount of \$25,000 has been included in 1960 for the cost of connections with private water systems which may be taken over by the town. The 1960 equipment item of \$2,200 is to replace a truck.

OPEN AREAS

The sum of \$25,000 has been included in 1960 to acquire additional forest lands recommended by the Moderator's Town Forest Committee. The sum of \$10,000 has been tentatively provided for each of the other two years for this purpose.

DEBT SERVICE

The figures shown are for annual payments of principal and interest on outstanding indebtedness, actual and estimated. The figures include bonds for the new High School in an estimated amount of \$2,400,000 with an estimated rate of interest of 3.8% over an estimated period of 15 years.

*The Board of Public Welfare has asked that effective in 1953 appropriations for the various categories of public assistance be lumped into a single appropriation known as Aid Expense. The following breakdown is given to show the estimated expenditures for each category in 1960:

General Relief	\$ 3,000.00
Disability Assistance	1,516.00
Old Age Assistance	28,500.00
Aid to Dependent Children	2,470.00
Total	\$35,486.00

Note 1. Accounts indicated by † are continuing appropriations, the balance of which shall be carried forward to the next fiscal year. In cases where a balance is carried forward without this designation, the appropriation has been encumbered for the payment of liabilities incurred in the preceding year.

Note 2. The word "Receipts" as used above indicates sources of funds for expenditure which are available and need not be raised by taxation, such as: Surplus and Dog Tax Refund.

The word "Transfers" as used above indicates amounts made available by the Finance Committee from the Reserve Fund for unforeseen and extraordinary expenditures.

*Includes \$3,900 interest on \$300,000 temporary loan due July 2, 1960, for High School Construction Permanent borrowing for High School prior to July 1, 1960, will require one-half year's interest principal. (Estimated at \$45,600 in addition to the amounts shown).

**Charges assessable to Weston under provisions of Chapter 603, Acts of 1950, for use of excess water to reduce pollution of Charles River in dry season of year.

REPORT OF THE FINANCE COMMITTEE

The purpose of the Finance Committee is to see that your tax dollars are spent wisely and properly. The scope and function of your committee is best described in the enabling legislation which originally made possible the creation of a finance committee. The General Laws, Chapter 39, Section 16 states that a finance committee "shall consider any and all municipal questions for the purpose of making reports and recommendations to the town". As a matter of statutory construction it would seem that a by-law cannot eliminate or reduce the scope of the quoted words. Therefore, it seems clear that a finance committee can consider, report upon and make recommendations as to any municipal question whether or not it directly or indirectly concerns money matters.

During this past year we have met with all department heads and several of the committees and boards of the town to discuss with and to make recommendations to them. Quite naturally our discussions have usually emphasized the monetary effect upon the town of certain problems, but by no means have our discussions been exclusively upon money matters. In many cases we have made recommendations upon matters which only indirectly might be construed to have a connection with money.

The budget for 1960 under Article 3 is \$1,820,878.26 an increase of 18.6% over the 1959 Budget. We recommend the passage of this article. Under our form of town government this may be referred to as the "budget" article or the "omnibus" article. All appropriations of an ordinary nature for the functioning of the general government and the school department come under this article.

In order to serve the town more efficiently and intelligently we have corresponded with and met with members of finance committees of neighboring towns whose standards are comparable to ours. This exchange of ideas culminated in January when we invited nine other finance committees to meet with us in Weston to discuss our problems. The members of your committee came away with the feeling that our town ranks very high in cooperation and coordination with the other committees and boards of the town.

Another modification to our operation has been an emphasis in meeting with other groups as a sub-committee i.e., smaller groups rather than as full committees. Many of us have felt that full committee meetings consisting of perhaps fifteen people have been somewhat unwieldy. While this is not exactly an innovation we did proportionately more of our work by this method and found we could cover much more material.

We have met with the selectmen and planning board to discuss long range capital expenditures for the next three years. The Major

Expenditure Budget developed has been distributed in a letter to the voters by the Board of Selectmen and is printed in the annual town report. It is our opinion that this should continue every year so that our forecasts are up-dated frequently.

HIGH SCHOOL PLANT COMMITTEE

Since the formation of this committee we have met many times with the members during the course of their work. Both committees felt that the early and frank discussions have been helpful. We concur with their statement made at the October, 1959 special town meeting "that the only way the high school could be built for less than the appropriation was to sacrifice structurally and educationally the standards" which they thought best.

SCHOOLS

By far the largest amount of our budget is for the education of children. It was in this area that we spent most of our time during the past year. We had many frank discussions with members of the school committee on all matters concerning the school system. Members of our committee have made several comparative studies. Our findings show that our school system ranks among those at the top. We would have been surprised had it been otherwise because we know that it is the policy of the school committee to strive for a system which is second to none.

The increase of teachers' salaries will again be the largest single increase in the budget. We feel that the School Committee has arrived at its decision in a logical manner. Many other towns and cities are giving substantial raises again this year and unless the school committee feels that it can lose its relative competitive position we must concur that their request for additional raises should be granted.

INTEREST AND MATURING DEBT

The Town's bonded indebtedness was reduced from \$1,886,000. a year ago to \$1,626,000. at the end of 1959. Of this latter figure all but about \$200,000. is attributable to our school building program. We will be required to pay \$340,000. this year on principal and \$40,764. on interest. During the year 1960 we will increase our indebtedness by \$2,400,000. in order to construct our new high school. Our total indebtedness will then be \$3,686,000. Based on our 1959 assessed valuation the interest and maturing principal will account for approximately \$16.00 of the tax rate in 1960.

CONCLUSION

During this year, as in the past, we have been impressed by the cooperative spirit of the department heads, the committees and boards

with whom we have conferred. It is the department head we feel who has so much to do with whether or not our town functions properly. The volunteer committee may suggest, direct and advise, but unless the department head and people under him carry out their work in a conscientious manner our government cannot function efficiently. We feel that our town is fortunate in having people of such high calibre to run the day-to-day matters which confront our town.

The moderator appointed Alfred R. Wypler, Jr. to the committee, Harry S. Ferries' term having expired. Burdette A. Johnson and Lawrence H. Pexton were reappointed for a further term of three years. We feel that our committee has functioned well as a team but that in no way has individual opinion been discouraged. This report has not been an attempt to review all matters which we have considered but rather to touch upon some of the high lights of this past year. It would be remiss, however, not to mention the outstanding work and help of Ward Carter, who aside from his many duties as executive secretary to the board of selectmen is also secretary to the finance committee. His keen grasp of all the problems of the town has made our work both interesting and pleasant.

Leonard H. Dowse was reelected Chairman.

REPORT OF THE PLANNING BOARD

During 1959 The Planning Board met 42 times, spending most of its time in connection with its duties under the Subdivision Control Law. During the year the Board approved five subdivisions involving 157 lots and 2.65 miles of roads. The names of those roads are:

Drabbington Way extension

Surrey Road, Hunt Road, Split Rock Way,

Shepherd Lane and Cranbrook Drive

Beaver Road

King's Grant Road extension, Indian Hill Road, Bradford Road extension

Cherry Brook Road, Pollywog Lane and Buttonwood Lane

Cart Path Road extension and Possum Road extension

At the end of the calendar year there was also presented a preliminary plan of the subdivision of land on Bogle and Winter Streets involving 43 lots. The Board also had to consider and endorse 41 plans not involving subdivisions.

In addition to subdivision problems, The Planning Board appeared before the Board of Appeals with respect to four requests for variances. The Board also considered four specific proposals for commercial zoning of certain lots in the town. On one of these the Board voted to report favorably to the town at its annual meeting in 1960. The Board recommends adoption of Article 21 in the warrant changing from Residence District B to Business District B land of Bernice G. Caffrey on the north side of the Boston Post Road in Weston Center which now is and for many years has been used for business purposes. Representatives from the Board appeared as witnesses in the Middlesex Superior Court relative to a court action involving the removal of gravel in Wayland on the town line.

The Planning Board further met with other town boards during the year. It worked closely with the Recreation Committee with regard to the conveyance to the town of certain land on Merriam Street for recreational purposes. The Board also met with the Board of Selectmen and the Finance Committee in connection with the preparation of a capital outlay program for the town. The Board also met with the Selectmen and the Moderator's Town Forest Committee to consider the problem of maintaining open areas in the town. A specific proposal with regard to open areas is to be made to the town at the 1960 annual town meeting resulting from the report of the Weston Green Belt Advisory Committee to the Planning Board in March 1959 and conferences with other committees.

REPORT OF THE TOWN ENGINEER

The work of the Town Engineer during 1959 may be briefly summarized as follows:

Attended Planning Board meetings and public hearings; consulted by engineers and developers on their problems in connection with subdivisions of land.

Made contour plan of playground area on former Renwick land off Merriam Street; also prepared grading plan and specifications for the purpose of getting estimates of cost of construction.

Plans, specifications and contracts were prepared for 3.38 miles of water main extensions and installation supervised.

Prepared plans and specifications for repairing the Kendal Green Pumping Station and installing new 500 g. p. m. pump with 60 H. P. electric motor.

Specifications have been prepared for demolishing the old Paine's Hill reservoir in the spring.

Attended meetings of the Board of Water Commissioners.

Plans were made for the acceptance of Wildwood Lane and the westerly end of Radcliff Road as public ways.

Preliminary plans were made for the relocation of 2300 feet of Wellesley Street.

Consulted with the Highway Superintendent on many drainage problems.

Gave information to public utility companies, real estate agents, residents and prospective residents of the Town.

REPORT OF THE BOARD OF REGISTRARS OF VOTERS

During 1959 one hundred seventy-six (176) persons were registered and added to the register of voters in Weston and two hundred seventy-four persons were dropped from the register. On December 31, 1959 there were 3,817 registered voters.

Protection of Persons and Property

REPORT OF THE POLICE DEPARTMENT

The record system put into effect January 1, 1959, has given a very accurate picture of the increased number of matters requiring police attention. All complaints, incidents or requests for assistance reported to the police are entered in a typewritten daily log. Each entry is numbered and the total for the year 1959 was 4,735. In the statistics listed the same general form of reporting has been followed with the exception that juvenile court cases and automobile law violations have been recorded in separate listings, and all automobile accidents have been listed regardless of cost of repair, rather than listing of only those involving damage of over \$200 or personal injury. These statistics reflect both the accurate records as well as increase in population, traffic flow and other pressures from surrounding communities.

In 1959 the policy of gradually replacing worn out items and acquiring new furnishings and equipment was continued. It is anticipated that remaining items, guard room chairs, filing cabinets and lockers for new men will be purchased in 1960.

The two patrol cars have been fully equipped to function as emergency vehicles. Fire extinguishers, first aid kits, wrecking bars, flares, rope and other small tools necessary to cope with various emergencies are carried. Both also have stretchers and portable resuscitators. One resuscitator was purchased out of funds appropriated for that purpose. The other was the very generous gift of the Woman's Community League. The unmarked vehicle used as the chief's car and for investigation purposes is also fully equipped with the exception of the resuscitator. During the year the three vehicles traveled a total of 100,354 miles carrying out patrols and related police functions.

Emphasis was placed on traffic law enforcement and the resulting number of court cases has kept the prosecuting officer occupied a good part of the time with court appearances and the paper work involved in preparation of complaints and summonses. The new school schedule also ties up manpower during the morning when traffic is heaviest. Other police business must not be neglected, therefore limiting to some extent the amount of time that can be allocated to traffic.

Because of the increase in work load as well as the other reasons given in the preceding paragraph, the addition of two men to the department has been requested for 1960.

Any police department may be said to provide two functions—safety and service. The protection of persons and property comes

under the heading of safety and includes detection and apprehension of criminals, traffic law enforcement, etc. Service includes the non-emergency ambulance service, returning stray dogs to owners, removing various wild animals from cellar window wells and many other assorted tasks. A great many hours are consumed each year in providing such services, hours in which officers so occupied cannot be carrying out safety functions. The department is equipped and ready to provide services, but every citizen of the town should realize that in order to be able to give service, enough manpower must be provided to prevent curtailment of any function pertaining to the safety of the town.

The auxiliary police continued the handling of Sunday morning traffic as well as assisting on other details through the year. Members of the auxiliary also ride in the patrol cars on Friday and Saturday nights so that two cars can be operated with two men in each car on these busy nights.

The following schools were attended in 1959:

Judge Baker Guidance Center (Juvenile officers)

Sgt. Lawrence Cugini	60 hours
Patrolman Robert Millen	60 hours

State Police School for local officers

Patrolman Lawrence Tierney	4 weeks
----------------------------	---------

Criminal Law and Court Procedure (Comm. Of Mass.)

Chief Frank Shaw	30 hours
------------------	----------

F. B. I. School of Police Administration

Chief Frank Shaw	2 weeks
------------------	---------

Five two-hour classes were held at the station for all members of the Department.

Two officers are scheduled to attend the State Police Training School for Patrolmen (4 weeks) and two sergeants will attend the course for sergeants (2 weeks) during 1960. The cost of tuition is \$100.00 each for patrolmen and \$50.00 each for sergeants. The town is fortunate that such valuable training is available at such a modest cost.

Recent F. C. C. rulings concerning radio equipment will affect the police, fire and highway departments this year. Extensive and expensive conversions must be made by August, 1960. Another ruling will require further expense in 1963. The base station which is operated by the police department is obsolete and cannot be converted. Much of the mobile equipment is five to ten years old and probably will not give good service after conversion. A survey of the whole radio system has been made and indicates that a complete change of equipment this year to conform with both F. C. C. rulings would be the best solution.

There were no fatal traffic accidents in Weston in 1959. It would be fine if we could say that we have found a successful formula for preventing such tragedies. Unfortunately that is not so; but if every driver will constantly keep in mind the dangers of the highway and drive with caution and consideration, the traffic toll can be kept to a minimum.

REPORT OF DIRECTOR OF CIVIL DEFENSE

To the relief of Civil Defense personnel and the citizens of the Town alike, Weston Civil Defense was not called upon to be particularly active during 1959.

The Experience Census announced in the 1958 Town Report was completed during the opening months of 1959 and now constitutes a cross-indexed listing of the experience useful in disaster of approximately sixty percent of the adult population of the Town. The Wardens Service, responsible for carrying through this project, is to be congratulated for a time consuming job well done.

The Civil Defense Auxiliary Police have continued, in rain, snow, and heat, to guide Weston residents to and from church on Sunday mornings.

The local organization participated in national civil defense exercises in May.

During the year, the Weston Red Cross and Weston Civil Defense, combined in what is known as the Weston Disaster Committee, mailed to the Town the Committee's operation plan, specifying procedures to be followed by Town residents in the event of disaster, natural or otherwise. The Committee was called into actual operation once during the year, at the time of the M D C Recreation Building fire, and has held one field-exercise, simulating the destruction which would be caused by a tornado.

Unless the international situation deteriorates, Weston Civil Defense will continue for the coming year to emphasize training and citizen education in cooperation with the Weston Disaster Committee.

 33 Permits for all other construction
 2 Permits for schools

REPORT OF THE TREE WARDEN AND THE MOTH SUPERINTENDENT

The usual pruning and tree removal were carried on throughout the Town during the past year.

The never ceasing fight against Dutch elm disease was carried on by the Tree and Moth Departments. Some ninety confirmed Dutch elm diseased trees have been removed and about sixty other trees which were dead and dangerous were taken down. We feel that the Town is holding its own with respect to control of the Dutch elm disease.

The sanitation program that has been carried on is keeping the spread of Dutch elm disease to a minimum. According to the Department of Natural Resources and the University of Massachusetts there are no new methods to eliminate the spread of this disease. It seems that we will have to live with the problem for some time to come.

The Tree Department applied a poison ivy spray along most of the public ways and sidewalks throughout the Town.

Under the tree planting program, we were able to plant some forty-five trees in various locations throughout the Town.

The Moth Department which is so closely related to the Tree Department carried on its usual spray program; one spray was applied to all the elm trees in the dormant stage for the control of Dutch elm disease. An additional spray was applied to elm trees only, again to control the Dutch elm disease beetle and the elm leaf beetle. Another spray was applied to all the trees adjacent to all Town roads to control leaf eating insects, which include gypsy moth, tent caterpillar, fall webworm, elm leaf beetle and elm bark beetle.

The year 1959 saw an ever increasing amount of oak leaf minor and oak leaf skeletonizer. The activity of these insects was so extensive that it is recommended that the Town apply two special sprays for the control of these oak leaf insects. It is strongly urged that home owners who have White Oak trees on their property consult a reputable arborist and make arrangements for the proper sprayings which should be applied at two different times early this spring.

With this well rounded program, it is believed that our trees will be kept in a healthy condition.

REPORT OF THE TOWN FOREST COMMITTEE

(Appointed By Selectmen to Manage Town Forest Property)

During the year 1959 your committee continued to clear old roads through the Town Forest areas, particularly Jericho, in order to make them passable for fire-fighting equipment. We have installed a new culvert in one of the large swamp areas. These roads also serve as good walking and riding trails for the residents of Weston.

Thanks to the generosity of Albert Scott, Jr. in donating large quantities of fill, we have been able to start a new fire road near the Wayland line.

Our work of cutting and thinning trees to enable desirable growths to flourish continues under the supervision of the Massachusetts Department of Natural Resources. 3,000 white and red pine seedlings were planted this year and our plans call for increased plantings next year.

We are grateful to the Dickson family for their gift of 10.7 acres near the junction of Merriam Street and Concord Road, giving us a welcome addition to the Jericho Town Forest.

The Chairman has served on the Green Belt Committee and worked closely with the Planning Board and the Selectmen in connection with the recent report submitted by them to the Town.

Health and Sanitation

REPORT OF THE BOARD OF HEALTH

Following town elections the Board organized with Dr. David H. Reid as Chairman, Mr. John H. Bishop as Secretary, and Dr. William T. Van Huysen as the third member.

It can be reported that the re-organization of the nursing service of the town has worked out very well under the supervision of Mrs. Jane Hosterman, the school work and the Board of Health projects being carried out in an exceptional manner. Monthly reports are made to the Board by the public health nurse concerning the activities of herself and assistants.

1. Much thought has been given by your Board concerning the solution of the dental clinic problem in the town, and it is hoped that before town meeting that the Finance Committee will be told of the plans for the coming year.

It is important that dental service be given either in the form of a clinic, or by a private dentist for some of the children in Weston. One of the important phases noted by the Board was that the case load in the clinic has dropped steadily. This has been accomplished largely by weeding out many children who were cared for whose economic standards have risen, and who now can avail themselves of the services of their family dentists. We feel that a more logical solution in providing dental care would be other than purchasing new equipment. The choice is one of necessity because of the fact, as reported last year, that the present dental equipment is in deplorable condition, and in some parts irreparable. The case load has dropped in a period of two years from one hundred seventy to forty patients.

2. The communicable disease picture over the past year has been characterized by a marked drop in incidence, a total of one hundred twelve cases being reported, with chicken pox the highest with a total of fifty-five cases. Other diseases are as low or lower than the totals for last year. We are pleased to report that not a single case of poliomyelitis was reported during 1959.

In October of this year approximately sixty-five students and teachers in the high school were reported as being acutely ill with what was at first thought to be a salmonella infection. The State Department of Public Health was contacted, and samples of the suspected food, as well as stool specimens from some of the persons made ill

were obtained. The State laboratory reported no organisms of significance were isolated from any of the specimens submitted. The outbreak is, therefore, of unknown origin, and we are pleased to report that most persons recovered quickly, most of them returning to school the following day.

Tuberculosis cases, including all forms, totalled the same as last year, namely, two.

3. Following a request from town authorities, and action by the board of health in cooperation with the highway department, the town dump is relatively free of rodents. Bait boxes were constructed and a considerable quantity of bait purchased from the Eastern States Farmers Exchange.

4. It is recommended that a survey be made with the idea of providing a sewerage system for at least the business district of the town. Many of the systems in this area are inadequate, and will, in due course, need revising. It is recognized that providing for such sewage disposal facilities for the entire town is at the present time impracticable because of the area involved, but at least a start should be made to provide such facilities.

5. The Well Child Conference has been carried on during the year with a total of eighty-five children attending. Triple antigen immunization shots were given to nine children with five others receiving booster shots, eleven received smallpox vaccinations; and ten received polio immunizations with fifteen receiving the booster dose. This is an essential service to the community, and should be carried on during the coming years.

6. During the past twelve months a total of five premature babies were reported to the Board of Health. However, none of these requested financial assistance which, under certain circumstances, must under law be provided by the town.

7. In the late fall the Board was alerted by the State Department of Public Health to a possible outbreak of influenza. However, after considerable discussion it was decided that no positive action should be taken inasmuch as the type of virus involved was undetermined. The Board would stand ready to take action regarding a clinic if warranted. It can be reported that the teachers in the public schools were given an immunizing dose with the polyvalent vaccine.

8. A request made to the Civil Service Division of the Commonwealth to hold an examination for an alternate plumbing inspector for

the town was granted. However, at the time scheduled no applicants appeared. With the approval of the Division of Civil Service, the acting alternate plumbing inspector was appointed to hold this office until such time as another examination was scheduled. Both the plumbing inspector and alternate plumbing inspector have civil service status.

9. The Board discussed the advisability of adopting a regulation concerning the keeping of horses, cows, goats, swine and other live stock, but action was postponed until after the first of the year.

10. Again in June a clinic for the immunization of dogs against rabies was held. We can again report that there is no focus of rabies in the state; however, it is felt that this is due, in a large part, to the fact that so many dogs over the area are given injections against this disease at regular intervals. Again we wish to emphasize the fact that rabies is always a fatal disease, and the town, like other communities, must be continually on guard against this disease. Every animal bite must be reported to the Board of Health so that the animal may be seen by the Inspector of Animals and quarantined for the required fourteen days.

Two hundred and five dogs were given immunizing doses of vaccine at the clinic.

11. Several conferences have been held with officials of the Massachusetts Broken Stone Company and others regarding the dust problem at the plant. It can be reported that by reconditioning and additions to the equipment that this problem has subsided to a marked degree. The company has been very cooperative. The report from the State Department of Public Health concerning dust sampling done in the latter part of 1958 was received, and it was noted that while dust was picked up in certain areas in the community, mostly toward the Waltham city line, the silicon content was well below that considered detrimental to health. The company has agreed to continue their efforts to alleviate this problem. However, during a conference with the State Department of Public Health it was stated that the above situation, while not a definite menace to public health, could be declared a public nuisance and subject to action by the local Board of Health and the State Department of Public Health.

12. The Sanitarian has again conducted the inspection work in the town, not only concerning subsurface disposal installations, but food establishments, stores, as well as all complaints registered. Milk, water and eating utensil samples have been collected for analysis.

No subsurface drainage facilities installed over the past few years have resulted in any complaints, but there is the possibility that several old installations, particularly those involving cesspools, may be the cause of complaint in the near future.

13. The Inspector of Animals and Slaughtering reports twenty-one animal bites reported. All animals were quarantined and subsequently released at the end of the fourteen day period required by law. In the annual livestock census it was found that the number of cattle continues to dwindle, the total being nine; fifty-five horses, one hundred and fifty swine, seven sheep and five goats were counted.

14. Since many births and deaths occur outside the town limits, the rate cannot be given accurately, the figure given being based on the total known at the time this report is submitted.

One hundred sixteen births were reported giving a birth rate of 18.1 per 1,000 population. Fifty-nine deaths of residents and non residents were reported giving a corrected death rate of 8.3 per 1,000 population.

The expenditures made under the direction of the Board of Health, and using an estimated figure for total population, gives a per capita cost of \$1.25. This is approximately the same as that estimated for last year.

The Board wishes to thank all town departments and officials who have cooperated with and assisted them during the year, and also the staff who have been so loyal. Thanks are also expressed to the citizens of the town who have supported them in their activities.

REPORT OF THE MOSQUITO CONTROL PROJECT COMMISSIONER

Mosquito control commenced with mid-winter DDT dusting of the frozen swamps. An estimated 502 acres were dusted by hand and about 400 acres by helicopter. When adult mosquitoes from the spring brood infested many parts of the Town in late May and June more helicopter spraying was done in the Jericho area, Silver Hill area and in the vicinity of Bogle St. and Winter St. In July the helicopter sprayed for the *Mansonia* mosquito in the vicinity of Foote's Pond and Nonesuch Pond.

Ditch cleaning and brush clearing were done at many places from January to May. *Culex* (House Mosquito) sources were inspected and sprayed routinely from June through September using oil. Later in the summer DDT was used instead of oil. Catch basins were sprayed with Dieldrin.

Rainy weather produced a lot of mosquitoes in mid-summer, not only in Weston, but throughout the whole region. Airspray services were in great demand and hard to get. The Project purchased a large aerosol generator and "fogged" many parts of the Town in an attempt to mop up some of the adult mosquito infestation among the houses.

The emergency spraying far exceeded the budget program for the season. As a result the Mosquito Control Commission had to request additional funds in order to finance operations until the 1960 appropriation is available.

Financial statement:

Balance on hand December 31st, 1958	\$1,386.23
1959 appropriation received May 2nd, 1959	6,500.00
Supplemental fund received December 31, 1959	1,600.00

Expenditures:

Labor	\$3,528.79
Insurance, retirement, etc.	482.00
Office operation, supervision, etc.	570.87
Barn rent	178.20
Field operation, equipment, supervision	1,108.15
Vehicle replacement	none
Insecticide	886.93
Aircraft service	552.00
Other services	none
Total	<u>7,306.94</u>

Balance on December 31, 1959	2,179.29
------------------------------	----------

The Mosquito Control Commission has requested \$7,500 for 1960.

REPORT OF THE INSPECTOR OF PLUMBING

There were 148 plumbing permits issued as follows:

New work	71
Alterations	77

The sum of \$732.50 was collected in fees and the money paid to the Town Treasurer.

Highways and Bridges

REPORT OF THE SUPERINTENDENT OF STREETS

Maintenance:

The following roads were resurfaced in full or in part during

1959:

Apple Crest Road

Blossom Lane

Brown Street

Chestnut Street

Cliff Road

Concord Road

Highland Street

Intervale Road

Merriam Street

Pelham Road

Riverside Road

Sudbury Road

Wellesley Street

Two thousand feet of sidewalks along Church Street, Concord Road, Silver Hill Road, and Westland Road were resurfaced. Despite a relatively cold winter the roads stood up well. There was the usual sanding and snow plowing of roads and replacement and painting of signs during 1959.

Center line pavement markings were applied to a number of roads in new locations and repainted on others.

Construction:

All funds for Chapter 90 construction were allocated to the relocation of a section of Wellesley Street; no work was begun on the project before December 31, 1959, since the actual order for relocation was not adopted by the Middlesex County Commissioners until December 29, 1959. Work is expected to begin on this project early in 1960.

Approximately five hundred feet of Concord Road, between Fiske Lane and Boston Post Road was reconstructed with Town funds. The layout of this road providing for its widening had been made by the Middlesex County Commissioners in 1913 prior to acquisition of the adjacent land by the Town for a park — now known as Soldiers' Field. The work included setting the stonewall on the westerly side of the road back on the side line established in 1913, grading and seeding the shoulders and new banking in the Soldiers' Field park, relocation of the Charles Fiske Memorial on the park land, reconstruction of the roadway, and installation of a traffic control island at the intersection with Boston Post Road.

Following the suggestions of the civic committee of the Weston Garden Clubs a simple planting of low growing junipers was placed in the island.

Chapter 90 Maintenance:

Approximately twenty-seven hundred feet of South Avenue (Route 30) was resurfaced with bituminous concrete.

Drainage:

New drainage facilities were installed as follows:

At Fairview Road and Conant Road:

Four catch basins and five hundred feet of twelve inch pipe.

On Church Street:

One catch basin and seventy-five feet of six inch pipe.

On Merriam Street:

Fifty feet of eighteen inch pipe for culvert.

On Brook Road:

One hundred forty feet of twelve inch pipe.

All catch basins were cleaned twice during 1959.

New Equipment:

Two new International dump trucks were acquired as replacements for two 1946 model Ford dump trucks which were sold. A new traffic line marking machine was purchased during 1959.

Recreation Commission:

The Swimming Pool was cleaned in the usual manner, beach sand was spread over the bottom of the pool and the cement wall of the diving platform was repainted. Three play fields located at Cat Rock area, Brook Road, and Jennings area off Glen Road were maintained during 1959.

School Department:

For the Schools the football field along School Street opposite Maple Road was completed, including loaming and seeding. A section of access roadway was relocated and constructed in connection with the development of access to the new Woodland School.

Public Welfare

REPORT OF THE BOARD OF PUBLIC WELFARE

A total of 60 individuals received Public Assistance during 1959 and at the close of the year 48 remained on the payrolls. The total expenditure together with the cost of administering the program was \$60,581.74. Reimbursements from the Federal and State Governments and from other municipalities made the net cost to Weston \$13,904.72. A breakdown of the statistics may be seen in the accompanying charts.

The administration of the four categories of assistance includes investigations of each applicant's needs and resources before assistance is granted and periodically thereafter. The giving of social services and rehabilitation are also important parts of the work done by the Director. In the carrying out of these two functions referrals are made to many outside agencies, both state and private, for medical, educational and recreational needs.

The Board has appointed Dr. Daniel J. Blacklow as Medical Advisor to the Director and the Board.

The basic eligibility factors in the four categories of assistance are listed below. More detailed information may be obtained from the Director.

Old Age Assistance. Who is eligible: Needy person 65 years of age or over who is either a citizen or has 20 years of continuous residence in the U. S. An additional residence requirement in Massachusetts is for three years out of the past nine, the last one continuously preceding application. Real Estate: Ownership of certain types of real estate does not affect eligibility provided a lien is taken. Personal Property or Savings: Not to exceed \$500.00 in the case of an individual or \$1,000.00 in the case of joint ownership by husband and wife. Insurance: Reasonable amounts of life insurance or endowment policy on which the Cash Surrender Value does not exceed \$1,000.00; excess must be assigned to the Town. Responsibility of Children: Children must contribute a certain amount as determined by law when income exceeds the statutory exemptions.

General Relief. Who is eligible: Any needy person. Residence Requirement: Must be resident of relieving town — no time requirement. Real and Personal Property: Discretionary with the Board. Insurance: The possession of a \$300.00 policy not to preclude granting of assistance. This program is usually of short duration.

Aid to Dependent Children. Who is eligible: Dependent children under 18 living with certain relatives. Residence Requirement: 1 year in State immediately preceding application or if child under one year

of age parent with whom he is living must have resided in State for 1 year prior to birth or application. Real Estate: Ownership does not affect eligibility but property not occupied must be converted into an asset. Personal Property: The total amount eligible parents and children may have must not exceed \$300.00. Insurance: A reasonable amount but the Cash Surrender Value must not exceed \$500.00 for an individual or \$1,000.00 for all family members participating in the assistance. The excess must be adjusted.

Disability Assistance. Who is eligible: Needy person over 18 who is permanently and totally incapacitated. Residence Requirement: 1 year continuously in State immediately preceding application. Real Estate: Ownership does not disqualify but there is the lien provision as in Old Age Assistance with the exception of a Disability Assistance recipient living with children receiving Aid to Dependent Children. Reasonable efforts must be made to dispose of property not used as home within a 6-months' period after receipt of assistance. Personal Property and Life Insurance: The amount together with the Cash Surrender Value of life insurance may not exceed \$500.00. The excess must be assigned to the Town or the policies adjusted. Responsibility Between Parents and Children: There is a responsibility both ways in this category. Children over 21 must contribute a certain amount determined by law to support of parent receiving Disability Assistance when income exceeds the statutory exemptions. Parents must contribute a certain amount as determined by law to support of child of any age over 18 when income exceeds the statutory exemptions. However a father and mother 65 years of age and over and widowed mother 62 years of age and over are exempt from the support of a disabled child.

CASE LOAD FOR 1959

Classification	Number Of Cases	Number Of Individuals

Schools

REPORT OF THE SCHOOL COMMITTEE

School Committee Organization

At the first meeting of the School Committee following the annual Town Meeting, Mr. Stephen H. Tyng was elected chairman and Mrs. Jean T. Weaver was reelected secretary.

At the same time Mrs. Eleanor M. Bump was welcomed as a new member. This meeting also marked the beginning of Mrs. Weaver's second three-year term.

The members of the Committee would like in this report formally to acknowledge the contributions of Mrs. Mary O. Crawford to its work. Mrs. Crawford, who completed a term of three years at the time of the annual town meeting, did not seek re-election because she moved from town. Her tireless efforts, understanding sympathy, and assistance in reaching wise decisions have been missed.

PLANT EXPANSION

Overcrowding

Overcrowding has continued to be a matter of concern as completion of new facilities has lagged slightly behind pupil growth. Weston pupils have been more fortunate than those in most communities, however, because of intelligent planning and the willingness of the citizens to vote money for new construction.

Building "B" which was pressed into school use again in the fall of 1958 continued to be used all during the calendar year 1959. In September 1959 the size of some elementary classes was increased slightly and in grades III, IV, and VI, three classrooms of children with three teachers were housed in two classrooms.

It was also necessary to postpone the opening of kindergarten and to use the three kindergarten rooms in the Case House for first grades.

With the partial opening of the new Woodland School, November 16, the kindergarten classes were started in the Case House and three classrooms were pressed into use in the new building.

During the Christmas vacation movement of supplies and equipment to the Woodland School was completed so that all classrooms in the new building were ready for use January 4. Three rooms in Building B will still be used.

Renovations

Four rooms on the second floor of the Case House were renovated at a cost of \$5,000 to provide space for the office of the Superintendent of Schools. In addition to 1400 square feet in the office rooms there are also many closets for storage and attractive hallways. When it is considered that the cost for new building construction is \$15 per

square foot, or more, the activation of these rooms is particularly desirable.

The football field at the present Junior High School (Building "C") was brought up to grade where settling had occurred because of a deposit of peat. An irrigation system was also installed which should make this field one of our best.

A small improvement but one much appreciated by the teachers was the building of a teachers' lunchroom in one corner of the cafeteria dining room at the high school. Materials were purchased by the town and men teachers of the high school faculty did the work under the supervision of Mr. Teittinen, head of the Industrial Arts department.

Planning

The School Committee and members of the professional staff have sought to cooperate with the Town Committee designated to study needs of the town library. Plans for future school expansion should be made with the needs of library facilities clearly in mind.

Planning for the new high school has, of course, taken the major degree of interest and energy during the present year. Members of the Committee and of the professional staff have been pleased at the extent to which they have been invited by the Building Committee to assist in the preparation of plans. Since the present high school building is already operating well over the 80% utilization factor which is considered standard, with many of the classrooms 100% filled, it is to be fervently hoped that the new high school will be ready for occupancy in September, 1961.

Administrative Reorganization

A growing school system and the need to keep up with educational progress caused an expansion of the administrative staff this year. The position of senior principal of the elementary schools was established. Mr. Thomas H. McFarlin, who has been principal of the elementary schools since 1946 when the enrollment was approximately 400 pupils, was named to that position. With the present enrollment of 1200 pupils, a supervising principal was designated for the Country School and teaching principals were appointed to the elementary unit consisting of Buildings "A" and "B" and to the new Woodland School.

An assistant to the Superintendent was added to the superintendent's staff to care for business details and matters of routine operation, thus freeing the Superintendent for overall responsibilities making it possible for him to concentrate in the areas of curriculum improvement and teacher procurement.

Curriculum Directors

Teachers of Social Studies and Foreign Language were given additional responsibilities as Curriculum Directors in their fields from the fourth through the twelfth grade effective in September.

This completes the vertical organization of the school system in all principal subject matter areas.

Weston is one of the few school systems in the nation having this type of organization which is felt to be most effective in providing coordination and proper sequential development of course work. Brookline is the only other system in this area following such a plan.

Length of Day and Bus Operations

Hours of the school day were changed effective in September so that the junior high school and senior high school begin at 8 a. m. and close at 2 p. m., or shortly thereafter. Hours of the elementary schools were changed to begin at 9 a. m. and close at 3 p. m.

At the same time the bus operation was modified to allow for the transportation of secondary school pupils between 7:30 and 8 in the morning and of elementary pupils between 8:30 and 9. At the end of the day junior and senior high school pupils are taken home first followed by the elementary school pupils.

Under the previous system all schools in town began at 8:30 a. m. with buses making two trips, as under the present system, but covering smaller areas each trip and taking all children of every grade level to school. This practice made it necessary for all buses to stop at each building resulting in longer runs than necessary. Pupils who arrived on the first trip wasted time waiting until pupils on the second trip arrived before the school day could start. At the end of the day, in the elementary school, there was a similar wait. Obviously, a great deal of teacher and pupil time was lost.

Under the present plan at any one building all pupils arrive within a fifteen minute period. At the junior and senior high schools all pupils are dismissed at the same time. In the elementary schools all pupils are dismissed within a ten minute period so that waiting is kept to a minimum.

Although the elapsed time of the school day remains approximately the same on all grade levels, the net increase in the school day is from 20 minutes to one hour depending upon the grade level concerned.

CURRICULUM IMPROVEMENT

Modifications of courses of study, introduction of new material, and establishment of new courses have marked our constantly developing curriculum this year.

Foreign Languages

In the area of foreign languages French was begun for fourth graders through the medium of television twice weekly. We have continued to offer French to members of the fifth grade who wish to have a lesson after school one afternoon a week.

French was introduced at the eighth grade level to all pupils on an oral-aural basis, meeting three times weekly.

First year high school French was made elective for freshmen, whereas previously it had been offered to sophomores as the beginning of a three year sequence.

One large classroom in the high school has been divided by a partition where a 12 station language laboratory will be installed next year.

Mathematics and Science

In mathematics the traditional Algebra I taught to high school freshmen has been offered to an advanced group of eighth graders in junior high school.

In the freshman year of high school three mathematics courses have been offered, all of which are of college preparatory grade. First, the traditional first year algebra has been available. Second, a new sequence of combining algebra and plane geometry over a three year period for students planning to go to college but who find mathematics difficult has been instituted. As well as these two courses, a third experimental course sponsored by the school mathematics study group of Yale University has been offered in company with seven other public school systems and independent schools in the greater Boston area.

New textbooks have been purchased for elementary grade science and workshops held for elementary teachers with the view of generally upgrading the science offerings at the elementary level.

At the junior high level the general science work previously offered in high school has been introduced.

A new physical science course for high school freshmen, embodying introductory elements conventionally taught in physics and chemistry is now in its second year. Also in the second year of operation are an accelerated course in chemistry and the physics course sponsored by the Physical Science Committee of the National Science Foundation.

English and Social Studies

The seventh grade English course in the junior high school has been expanded to meet seven times each week rather than five. This has been done in an effort to improve the ability of pupils to write effectively.

In Social Studies a modification of the curriculum from the seventh to the twelfth grades is in process. In grade VII, the study of the Far East has been added to the study of the Americas.

Further improvement in reading instruction in the primary grades has seen the introduction of the alpha-phonetic method, a modification of the Gillingham method to supplement the Scott-Foresman and Dr. Anna Cordt methods already used. Most children find learning to read easy and make rapid progress with the standard Scott-Foresman system popular in most public schools in this country. Children who have difficulty learning to read, however, have the

benefit of individual remedial instruction and group instruction by the two alternate methods.

Because of the late opening of the kindergarten, teachers at this grade level have had the opportunity to revise the course of study. The actual written document which should be printed early in 1960 is the result of a continuing workshop which extended over the months of September and October and several visits to observe the work of kindergartens in nearby school systems.

An improvement in the operation of the high school has been the institution of a 30 minute conference period each day. Pupils in need of help may see their teachers. Small seminar meetings can be held and it is possible to bring large groups of students together without disrupting the regular recitation schedule. A particular refinement of the conference period has been to extend to seniors on the honor roll the freedom of the building during conference time in much the same way that college students on the dean's list have the privilege of unlimited cuts.

ACTIVITIES OF PROFESSIONAL STAFF

Planning the national meeting of biology teachers, membership in the National Science Foundation Institute, a leadership role in the annual convention of the National Science Teachers of America, a leadership position in the Annual New England Reading Institute, and membership on countless panels for education meetings in the Greater Boston area, have marked the activities of many members of our faculty during the past year. The Senior Elementary Principal continues as the Massachusetts representative to the executive committee of the National Association of Elementary Principals, and the Superintendent is completing his second term as a member of the executive committee of the New England School Development Council. The Principal and several members of the high school staff have served on evaluation studies of other high schools in the southern New England states. The Junior High School Principal was a member of a special study group evaluating the school system of Lincoln, Rhode Island.

STUDENT ACTIVITIES

Athletics continues to be the extra curricular activity which is enjoyed by the greatest number of Weston boys and girls. Varsity and junior varsity teams for both boys and girls in the junior high school and senior high school are fielded for all the major sports popular in this region. The latest addition to the athletic program has been the institution of hockey this December in the high school.

As well as the varsity and junior varsity program there is an active intramural program at the junior and senior high school. In the elementary schools in grades IV through VI there is an extensive after-school sports program for both boys and girls.

Club activities continue to interest many students in the senior high school and this fall an extensive club program was instituted in the junior high school.

Probably the single activity attracting the most interest which is an outgrowth of regular classroom work is the Science Fair. Each year many boys and girls submit projects, some of them very ambitious, and the winners of our Science Fair nearly always go on to win honors in regional and state fairs.

A particular departure in the extracurricular area has been the "upgrading" of the high school student council to meet on "school time". Meetings of this body are now held during the conference period. This change is felt to have great psychological importance in that the activities of the Student Council are considered to be important enough to take place during the regular school day.

CITIZEN COOPERATION

The Weston School system continues to enjoy to a degree perhaps greater than that of any other system in metropolitan Boston a high degree of cooperation with parents and citizens. The Weston Committee on Education, a group of parents and teachers, sponsored by the Parent Teacher Association with the support of the School Committee instituted a study on teacher effectiveness. Largely as a result of this study the changes in the length of the school day and modification of the administrative set-up were brought about.

A group of parents known as the Liaison Committee has been given the responsibility for preparing and editing a newspaper which has as its purpose interpreting the activities of the school system to the community. This paper printed, four times yearly, is mailed to all homes in Weston. The Liaison Committee also acts as an advisory body to the School Committee on matters of public relations.

The Science Club of Weston High School has compiled a list of parents willing to speak on matters of scientific interest in which they have professional competence. Many persons whose names are on this list have spoken to classes and clubs, led discussion groups, and sponsored field trips.

A committee of parents and teachers evolved the general outline for a broad modification of the school organization in a report entitled "The Accordion Plan". It is the intention of the School Committee to introduce various phases of this plan as the opportunity allows. The institution of the conference period in the high school is the first concrete adoption of suggestions set forth in the plan.

Special study groups of teachers and parents are now at work on a consideration of the social studies curriculum and the fine and applied arts curriculum at the secondary level.

APPRECIATIONS

It seems hardly necessary to state officially the appreciation of the School Committee for all the work which has been done by the

various citizens' study groups. The members of the Committee are mindful of the very considerable contribution which these study groups have made to the continued progress of the Weston school system.

The Committee would also like to take this means of expressing its appreciation to the Parent-Teacher Association, particularly its Executive Committee, the Weston Boosters Club, the Women's Community League, the Weston Rotary Club, the American Legion, and other organizations in the community which have contributed much to the Weston Schools during the past year.

TEACHERS

The national teacher shortage continues to be felt in Weston. Thankfully, until this time, we have been able to find competent additions to the staff, as the need has arisen, by making strenuous efforts. Although reports would indicate that the general excellence of instruction has been declining in public school systems, we feel this year as we did last that we have been able to move contrary to the trend.

Procuring of new teachers continues to be the activity which commands the greatest amount of time of the Superintendent. Next year it is planned that the Senior Elementary Principal will share this burden.

In order to be successful in the competitive struggle for teachers with other school systems, Weston teachers' salaries have been increased annually. This pattern has been rather consistently followed by nearly all school systems in the better suburban towns throughout the country. Our present salary scale is as follows:

	Class I Bachelor's Degree or the equivalent	Class II Master's Degree or the equivalent	Class III Master's Degree plus 30 approved semester hours
Minimum			
Women	\$4200	\$4400	\$4600
Men	4400	4600	4800
Normal Maximum			
Women	\$6700	\$7200	\$7700
Men	7300	7800	8300
Attainable Maximum			
Women	\$7000	\$8000	\$9000
Men	7800	8800	9800

A particular feature of the Weston salary plan is its so-called "merit" provision. No teacher's salary increases are granted automatically. All are made as the result of a merit evaluation according to a carefully drawn up set of standards.

The Weston merit plan, begun in 1946, makes Weston a pioneer in this activity. Weston is still one of a very few school systems in the country to have a merit plan.

Housing continues to be an important problem for Weston teachers. Without question the lack of adequate housing is a limiting factor in procuring young married male teachers for our school system. A Citizens' Committee has been working on this housing problem in cooperation with the School Committee and professional staff. Some progress has been made.

Two additions to the school staff this year have been the use of the administrative interns and of teacher helpers. Administrative interns have been employed in each of the elementary schools headed by a teaching principal. The interns are supplied by Antioch College and relieve the principal of most of the routine duties connected with the elementary principalship, allowing him to continue as a classroom teacher and to devote as much time as possible to the leadership responsibilities of his position.

Mothers have been employed during the noon hour to give teachers from the second through the sixth grade, the chance for a brief time of relaxation away from their pupils during their lunch period. Seventeen teacher helpers have been engaged who relieve from two to three teachers each day for periods varying from 20 to 40 minutes. With the opening of the Woodland School it is planned to extend the system of teacher helpers to include the first grade. Kindergarten teachers already have a "break" at noon because of the split session for kindergarten.

The School Committee would like to record in this annual report the retirement in June, 1959, of Miss Helen Green, Head of the Mathematics Department. Miss Green taught continuously in Weston High School from September 1916 to June 1959, a period of 43 years. She is highly regarded by her fellow faculty members in Weston and by mathematics teachers throughout the nation. Generations of Weston children are indebted to her for her patient, understanding teaching. We wish Miss Green a long and happy retirement.

A primary concern of the school department in the coming year will be to consolidate the substantial gains described above. We intend to avoid the mistake of trying to proceed so rapidly that our real forward movement is lost because of a failure to allow time for adjustment to new procedures before additional changes are made.

Much still remains to be done in the careful planning for a good curriculum in the new high school. This building will incorporate flexibility features which should allow a considerable modification of the traditional secondary school program.

We are mindful of the fast tempo of change in this period of the 1960's and the effect of these changes upon education. There is the

need for constant scrutiny of our course offerings and educational techniques. We must strive to make our standards increasingly rigorous.

Our principal goal is to meet the challenge of increasing demands on our pupils by steadily improving our standards and assuring to the greatest possible degree that each pupil is held to the maximum performance of which he is capable.

WESTON HIGH SCHOOL

Class of 1959

On Thursday afternoon, June 11, 1959 at five o'clock, Mr. James Robbins, a member of the Weston School Committee, presented diplomas to seventy five members of the Class of 1959 and to one exchange student from Rombas, France. Principal Willard H. Smith announced the awards and the scholarships. The graduation exercises were held in a colorful outdoor ceremony in front of Weston High School.

Of these seventy-five graduates, sixty-five (87%) will continue their education. Forty-two of these (56% of the class) are in four-year degree-granting institutions. Eighteen are in post-secondary institutions offering one to three-year courses of study.

The following students received diplomas:

Helen Maria Angelo	Mae Frances Foster
†‡Arsine Victoria Avakian	John Hood Garabedian
Isabel Lorraine Avigdor	Patricia Jane Gilligan
**‡Sally Ayers	Christopher Starr Jones
Bernice Elizabeth Berard	‡Anne V. Kellogg
‡Frank V. Best, Jr.	***‡Thomas Jesse Kelly, Jr.
Robert Anthony Brackett	Barbara Jane King
Linda Sue Brown	Palmer Wheeler Koelb
Peter W. Bryant	Linda Ann Lackey
*‡Susan Bump	‡Edith Pierce Larkin
Donald F. Bumpus	Joan Carol Lawson
Christine Nancy Callinan	Stephen Brett Lawson
Bonnie Sue Chynoweth	Elizabeth Marie Luther
§Francoise Marie Cilly	Heidi S. Mann
Will Connolly	Wendy Benson Mann
Mary Irene Connor	‡Susan Bancroft McGuire
Dennis Austin Cribben	Cecelia Maryann Melone
Regina Marie Curtin	Carol Joan Miller
Diane Marie Dolan	Jane May Monell
Lois Tucker Douglass	Marilyn Ann Mooers
Leonard Alan Drew	Sally Perkins Murphy
Roger H. Drowne	Jeffrey Carnright Perrine
Douglas Paul Emery	John Richards Perry, Jr.
‡Susan Ferries	Julie Ann Pollock
Larry C. N. Forman	‡John Eric Reissner

David Warren Richardson
 Janet Catherine Riedel
 Frances Mary Rizzo
 Pamela Robb
 James Robbins, Jr.
 ‡Alan Richard Scott
 Nels Hamilton Granholm
 Deborah Ann Graves
 Stephen Bevington Green
 Mildred Dorothy Griffith
 ‡Bruce Wayne Hamill
 Susan Davenport Herrick
 Carol Lee Hibler

Charles Francis Howard
 ‡Marcia Lee Jenney
 Ellenor Natalie Johnson
 Anne Rosamond Shaw
 Stephen Allen Shepard
 ‡Laurinda Lee Shepardson
 Nancy Adams Sidebotham
 Susan Ellen Smith
 James Stewart Tebo
 Robert James Wilkes, Jr.
 Ann Chapman Winsor
 ‡Ann Wolff
 Janet Gail Woodland

‡First Honors *Second Honors **Third Honors

***Second Honors 1955-58. Attended Johns Hopkins University 1958-59

‡Member of the National Honor Society

§Honorary Member, 1959 Exchange Student from Rombas, France

Awards

The following students were given awards:

To Arsine Victoria Avakian, the Weston High School Alumni Association Award for having had the highest scholastic average during her four years of high school. She received a certificate and her name will be inscribed on a plaque in the school.

To Susan Bump, the D. A. R. Good Citizenship Award for demonstrating to an outstanding degree the four qualities of dependability, service, leadership and patriotism. Susan, who represented the school last spring at the annual meeting of the Daughters of the American Revolution, received a certificate.

To Arsine Victoria Avakian, the American Legion Constitution Prize Award and to Thomas Jesse Kelly, Jr., the American Legion Auxiliary Award for writing the best and second best examinations on the Constitution of the United States.

To Carol Lee Hibler, the Weston P. T. A. certificate of achievement and prize for outstanding work in Business Education.

To Robert Anthony Brackett and Charles Francis Howard, duplicate awards and certificates of achievement for excellence in the field of Industrial Arts. These awards were also sponsored by the Weston P. T. A.

To Diane Marie Dolan, the Arion Foundation Award, sponsored by the Weston P. T. A., for making the greatest contribution to the High School Orchestra during her years in school. Diane received a specially designed medallion and had her name inscribed on a plaque in the school.

To Bruce Wayne Hamill, the John Philip Sousa Band Award, presented to that junior or senior who has contributed the most to the

School Band. The recipient's name is engraved on a plaque which remains in the school. He is also awarded a special insignia and certificate. This award is sponsored by the Weston Rotary Club.

To John Eric Reissner, the first prize for writing the best paper in the annual Sears Essay Contest. The second prize was awarded to Helen Maria Angelo, and the third prize to Patricia Jane Gilligan.

To Susan Ferries, the William E. Bartel Memorial Award given for her note-worthy contribution to her school and community. This award was sponsored by the Weston P. T. A. in honor of Mr. Bartel who died during the past year while serving the Association as its President.

To Susan Bump and John Eric Reissner, the Women's Community League Prizes of \$100.00 each to the young woman and the young man of the graduating class who best exemplify the traits of leadership, character and scholarship.

To Susan Bancroft McGuire and Nels Hamilton Granholm, the Theodore Chandler Memorial Awards, sponsored by Weston Boosters, Inc., and given to the one boy and the one girl in the graduating class considered outstanding in athletics, scholarship and sportsmanship.

Scholarships

The following recipients of scholarships and the institutions they will be attending were announced at graduation.

The American Legion Auxiliary Nursing Scholarship

Mary Irene Connor — Newton-Wellesley Hospital, School of Nursing

Weston Post #214 American Legion Educational Awards

Shirley Jacques — Framingham Hospital, School of Nursing

Aubrey Jones — Suffolk Law School

Weston Rotary Club Extemporaneous Speech Scholarships

John Eric Reissner — Harvard College

Charles Francis Howard — Emerson College

War Memorial Educational Fund Scholarship

Bruce Wayne Hamill — Northeastern

David A. Perry Memorial Scholarship Loan

Stephen Bevington Green — Georgetown

Alan Richard Scott — William and Mary

Charles-Percy Foundation

Three members of the graduating class received substantial scholarship aid for their further education by the Trustees of this Foundation. The recipients of these awards could not be announced under the terms of the agreement.

Women's Community League of Weston Scholarships

Sally Ayers — Colby Junior College

Mary Irene Connor — Newton-Wellesley Hospital, School of Nursing

Regina Marie Curtin — Rivier College
 Marcia Lee Jenney — Boston Conservatory of Music
 Heidi S. Mann — University of North Carolina
 Cecelia Maryann Melone — St. Mary's of the Woods
 Jane May Monell — Skidmore
 Julie Ann Pollock — Framingham State Teachers College

TUITION PUPILS

For many years Weston accepted tuition pupils from Lincoln but with the graduation of 21 members of the Weston High School class of 1958 this practice drew to a close. Lincoln high school pupils now attend the new Lincoln-Sudbury Regional High School.

Except for four children of teachers, Weston this year has no tuition pupils. Although many requests are received for permission to send children to Weston Public Schools on a tuition basis, none has been granted.

Following state regulations the School Committee has voted the following tuition rates based upon actual costs: High School — \$668.17, Junior High School — \$321.33.

REPORT OF THE WESTON WAR MEMORIAL EDUCATIONAL FUND COMMITTEE 1959

The Weston War Memorial Educational Fund was established by vote of the town at the annual town meeting of March 23, 1953. The Fund was created as a permanent memorial to the citizens of Weston who served in the armed forces in all wars. The purpose of the Fund is "to assist and advance the post-secondary education of graduates of Weston High School."

The total principal amount of the Fund was \$4859.12 as of December 31, 1958. Total income as of December 31, 1959 amounted to \$602.38. This was reduced by \$300, the amount of two scholarships to date, and by \$155.62 which was added to the principal amount. This leaves the income balance at \$146.76.

In 1959 additions to the Fund amounted to \$692.64 bringing the total principal amount of the Fund at year's end to \$5,551.76. Additions to the Fund were as follows during the year 1959:

Anonymous	\$ 2.75
Class of 1934	75.00
Class of 1959	459.27
Transfer from income	155.62
	<hr/>
	\$692.64

Earned income during 1959 amounted to \$201.51.

The Committee gratefully acknowledges the substantial gift of the Class of 1959 and the gift of the Class of 1934.

This year the Committee awarded a scholarship to Bruce Hamill, 250 Old Road, '59 who is now in his freshman year at Northeastern University.

Mrs. Alice Fraser was elected chairman to succeed Mr. Raymond Coburn. Mr. A. H. Teittinen was elected secretary to fill the vacancy left by Mr. Julius Mueller who had resigned. The moderator appointed Dr. Anthony Brackett to fill in the vacancy left by the resignation of Mr. Anthony Brayton.

The Fund is continuing to grow primarily due to the generous giving of recent graduating classes. This is commendable. Persons wishing to make contributions to the Fund should communicate with the Secretary of the Committee at Weston High School.

REPORT OF THE LIBRARY TRUSTEES

The Library building is now sixty years old. Apart from improvements in heating, lighting, and the like, there have been no changes of consequence in the building during those sixty years except remodelling of the space under the stack room in 1922 to provide the Rosamond Freeman Children's Room. At the time of the opening of the Children's Room the Library, then containing about 28,000 volumes and having a circulation of some 23,000, was easily able to serve the population of less than 3,000 with two librarians. In 1959 it was serving a population of some 7,500, was staffed by five full time and twelve part time workers, as well as pages, contained about 43,400 volumes and over 500 music albums, and had a circulation of 104,000. In 1949 the Trustees, in commenting on how well the building had served the Town for a half a century, expressed the thought that "with proper improvement and enlargement in due course it should continue to do so for an indefinite future period." By 1959 it had become clear to the Trustees that the time had arrived for such "proper improvement and enlargement" to provide the space and facilities necessary to serve adequately the present population, over seventy percent of whom are registered borrowers at the Library, as well as the still larger population to be expected in the future. The Trustees accordingly obtained at the 1959 annual town meeting the establishment of a special committee of seven citizens to study the "plant and facilities" of the Library. Upon completion of that committee's work, now in progress, it will make its report and recommendations to the Town.

Elementary school classes are at present coming to the Library for instruction four mornings a week throughout the school year, and 231 such classes were taught during 1959, while 244 separate collections of books were prepared and sent to the schools.

The Trustees wish to pay special tribute to the Library staff for the excellent work they are doing in circumstances of unusual difficulty. Faced with an acute lack of space, and forced to use make-shift work areas on three different floors, the Chief Librarian and the Children's Librarian have performed miracles of organization, and with splendid cooperation from the staff, have made it possible for Library service to be carried on so smoothly that the public is to a great extent unaware of the problems faced every day. Weston is indeed fortunate in having a Library staff whose interest in their duties goes so far beyond the limits required.

Recreation

REPORT OF THE RECREATION COMMISSION

Interest in the various recreational activities was very encouraging during the past year. Credit should be given to the Director and staff of Supervisors who so ably served the Town.

Summer Program

Memorial Pool. The pool opened for its ninth season on June 23rd and continued through Labor Day, September 7, 1959. The total attendance for the season was 37,961, an increase of over 5,000, and the largest to date. The total number of badges sold was 3,492. Daily swimming classes were well attended, with over 490 children participating. Standard Red Cross Tests were successfully passed by 162 children. The Weston Red Cross again provided two instructors, as well as sending one life guard to Aquatic School at South Hanson. The water was frequently tested by the Wellesley Board of Health and found to be of good quality.

For several years the Commission has been studying an excellent source of spring water located under the Country School. This stream was diverted away from the pool and it is hoped that this year we will be able to return it to the pool. Also, we feel that a gravity-type filter would add to the purity and clarity of the water.

Playground Activities. Largest attendance ever, 302 children between the ages of 6-17, most of them in the 6-12 year old group. A varied sports program was offered as well as two teams of organized baseball.

The annual Bicycle Safety Clinic conducted by the Recreation Department, and assisted by Sergeant Lawrence H. Cugini of the Weston Police Department, was well attended. Watermelons contributed by the Rotary Club of Weston made our Friday afternoon and annual Field Day programs very successful. We thank the Weston Boosters for their kind contribution of ice-cream and pop for our annual Field Day.

Arts and Crafts. Elementary Crafts had a daily average attendance of eighty 6-9 year olds. Gimp, shell jewelry and articles of felt were the most popular projects. Advanced crafts averaged about 40 children a day, 9 years and up, who were particularly interested in working with wood.

Case House. Although the movies every Wednesday evening were quite crowded, the children continue to enjoy the atmosphere of The Case House.

About 100 teenagers continued to enjoy table tennis and other games as well as dancing every Tuesday and Thursday evening.

Fall, Winter and Spring Program

Saturday morning sports for boys, grades 4 through 8, were held at the Junior High, with soccer and football in the fall, basketball in the winter and baseball in the spring. Sports for high school boys were held on Saturday afternoons at the High School. Adult basketball and volley ball were played Tuesday evenings during the winter months.

Badminton. The Commission is continuing to sponsor The Badminton Club, which is open to all Weston adults; the game is played Wednesday evenings in the Junior High Gym.

Outside Basketball Court at the High School continues to be in constant use. We hope to have more of these courts on other playground areas.

Brook Road Play Area provides informal play facilities for the neighborhood as well as for Little League play.

Jennings Playground was used to a limited degree, mainly due to a lack of adequate access, as we stated in our report of 1958. We hope that the Town will see fit to remedy this situation.

Cat Rock: We hope that the Little League ball field will be used to a greater extent next spring, the access to which has been improved by the extension of Drabbington Way. The ski slope and tow were operated by the Commission for the third season. Due to lack of snow, there were only two days of skiing. Improvements have been made.

Renwick: Now that a parcel of the Renwick property on Merriam Street is owned by the Town, the Commission is planning to develop a play area there this year.

Tennis: Due to the increase in tennis play, the Recreation Commission recognizes that more courts are needed, and considered building two new courts. The lighting of the present courts was also considered but found to be costly. However, since the High School Building Committee has assured us that the courts to be built on the High School site will be ready in the not too distant future, in the spirit of economy, we feel that we should not enlarge on this program for the present.

REPORT OF THE PARK COMMISSIONERS

During 1959 Concord Road between Fiske Lane and Boston Post Road was reconstructed by the Town's highway department. The land for this had been provided by a layout made in 1913 by the Middlesex County Commissioners. The stone wall along Concord Road was removed to the sideline of the 1913 layout thus reducing the amount of land previously contained within the Soldier's Field area.

In connection with this work on the road grading on the inside bank was done, and eight Canada hemlocks were planted to start to take the place of the red pines. A number of the pines will have to be removed since they were originally planted too close and have all their limbs at the top.

The grass on Lamson Field was cut more frequently than in the past and has resulted in a fairly suitable covering.

Dancing on the Green occurred as usual in June under the direction of the Women's Community League. The bank of the Episcopal Church property abutting the Children's Park has been nicely graded off and seeded and should eventually make a suitable transition between church property and park.

It is interesting to note that the drainage of water in the Lamson Lot is better than ever before. This is probably due to the fact that a large hole was dug in 1958 in the lowest spot, as deep as Town equipment could go. This apparently broke up the hard pan, 10 feet down, sufficiently to allow for more drainage than before.

In other respects the normal maintenance work was performed in the parks throughout the year. This included an unusual amount of grass cutting due to heavy rains in late spring.

REPORT OF THE MODERATOR'S TOWN FOREST COMMITTEE

During the past year, the Moderator's Town Forest Committee investigated many areas of the Town to determine their suitability for additional Town Forest. We have recommended to the Selectmen the purchase of additional acreage in the Jericho area of Weston.

Following the original study and report of the Moderator's Town Forest Committee recommending areas for acquisition of town forest land the Town voted to appropriate funds to acquire town forest lands in two limited areas of the Town. The Committee believes that the proposal for the permanent establishment of an Open Areas Committee, as outlined to all citizens of the Town, in a letter dated January 7, 1960, from the Selectmen and other Town boards and committees, and the proposal to authorize acquisitions of land for town forest purposes throughout the Town, is to be recommended and it is endorsed by this Committee.

With the establishment of an Open Areas Committee, the functions of the Moderator's Town Forest Committee would be assumed on a Town wide basis. It is suggested that should the Open Areas Committee be established, that the Moderator's Town Forest Committee's duties be transferred to the Open Areas Committee and that this Committee be officially dissolved.

Assuming that this will be the vote of the Town, this Committee wishes to thank the Selectmen, Finance Committee, Planning Board, Town Forest Committee and all other Town Committees for their assistance in the past. The Chairman wishes to thank all present and past committee members for their efforts and help.

REPORT OF THE WESTON-ROMBAS AFFILIATION COMMITTEE

The year 1959 has again seen a two-way exchange of students with Françoise Cilly coming here to Weston for the school year 1958-1959 and Susan Toner going to Rombas, France for the same period. For the school year 1959-1960, Françoise Friedrich has come to Weston and Armine Avakian is in Rombas.

One of the highlights of the year has been the casserole supper at the High School gymnasium sponsored by the UN Committee and the Affiliation Committee to celebrate UN day and to welcome Françoise Friedrich to Weston. Approximately 400 people attended and heard excellent speeches by foreign students, Françoise Friedrich, and a speech on the World Health Organization by Dr. Charles Janeway.

Other highlights of the year include the showing of the latest ski movie by Sverre Engen with four hundred people attending, and the sale of over eight thousand Christmas cards designed by Ann Gravem and printed by Buck Printing Company.

Of particular interest are the increasing number of Weston residents who go to Europe and visit Rombas, France. To give an indication of the feeling of the residents of Rombas towards residents of Weston, the following excerpts from a letter to the Chairman of the Affiliation Committee of Weston written by the George K. Saurweins upon their return from visiting Europe are quoted:

"It was early on Saturday October 31 that we drove over from Metz, going direct to the 'College'. (Schools in France are in session also on Saturday). We met the Principal who called out M. Babin, English instructor and also chairman of the Affiliation in Rombas, and Armine Avakian, Weston student there. We visited for a few minutes, then drove with Armine to the home of M. Bourgasser, retired from the steel works, former Mayor of Rombas. . . .

"He then served as our guide as we drove around the town and surrounding countryside. Armine was with us; it was her first opportunity to see the region. Rombas is situated in the midst of iron ore deposits. Many mines are in operation, and numerous bucket and cable conveyors bring ore to the several blast furnaces. . . .

"At noon we returned to M. Babin's home, met his charming wife, who is a kindergarten teacher, and their children, aged 6, 9 and 12. There was also a mother's helper, with whose aid a grand multi-course dinner was served. With French, German and English flying around the table we had a wonderful time.

". . . M. Babin and Armine continued with us as we picked up an Engineer from the Steel Company and spent the afternoon touring the entire works — blast furnaces, converter plant, rolling mills, wire mills, shipping dept., etc. This is the third largest steel works in France, and a sizeable one even by our own U. S. standards. It is the only industry in Rombas and most of the townspeople work there. Practically all shapes of steel are made there, from small wire to heavy interlocking sheet piling. . . .

"After the tour we returned to M. Babin's home for another pleasant visit and preparation for the evening party at the Hotel de Ville (town hall). Here we met the entire Affiliation Committee, the Mayor, Mrs. Friedrich, where Armine is living, and several of the young people who had studied in Weston. The table was spread with good things to eat and drink. There were toasts and speeches. Those people were most cordial and took us warmly to their hearts. It was a party such as one hates to leave. . . ."

The Affiliation Committee would like to thank the many people who have contributed to the Affiliation, who have provided room and board for the Rombas student, and have done all the other very necessary things that make this Affiliation possible.

Water Department

REPORT OF THE BOARD OF WATER COMMISSIONERS

The water output of the Town's wells in 1959 was up 5 per cent above last year and established a new record high. The miles of main added this year and all of the partially completed extensions add up to a new record.

During the week of June 30th, a joint in the large main under the Kendal Green Pumping Station separated, causing extensive damage to the equipment. The damaged pumps were outmoded and inadequate for the well field. A larger pump has been installed to modernize the station. The Water Commissioners are recommending appropriation by the 1960 Annual Meeting of sums believed to be sufficient to provide for water main extensions and the retention of engineering consultation to study the water needs of the town and exploration of additional sources of supply.

The continuing members of the Board of Water Commissioners regretted the termination in December of a long devoted and distinguished service to the town. Mr. O. A. Schlaikjer found it necessary to resign upon advice of his physician.

The following comparative statistics table reflects the operations of the Water Department for the last two years.

WESTON WATER DEPARTMENT

Comparative Statistics

Water Pumped	1958	1959
Kendal Green Wells	5,538,000	938,000
Nickerson Field Well	69,871,700	70,555,900
Fitzgerald Well	168,469,600	183,616,700
Total Gallons Pumped	243,879,300	255,110,600
Greatest amount pumped on one day	1,183,100 (6/7/58)	1,783,300 (8/15/59)
Greatest amount pumped during one week	4,919,900 (7/20-26)	8,966,100 (8/15-21)
Greatest amount pumped during one month	26,487,100 (June)	27,375,800 (August)
Miles of main added	2.028	3.62
Miles of main end of year	47.880	51.50
Meters in service end of year	1,651	1,710
New services added	47	59
Receipts		
Water Rates	\$ 86,018.81	\$ 69,902.54
Service installations and miscellaneous	25,938.35	34,266.21
Extension costs reimbursed	63,123.95	63,377.60

Cemeteries

REPORT OF THE CEMETERY COMMISSIONERS

In 1959, further progress was made in developing approximately one and one-half acres of additional cemetery land. Early in the year the initial work of rough-grading and laying out roads was completed. The Highway Department assisted in this. During September and October three-quarters of the area was covered with topsoil (most of which was procured outside) and was seeded. Nearly all of this was done by our regular personnel. The heavy rains up to August, which necessitated more than the normal amount of mowing, limited the amount of time they could spend on the project.

In the spring of 1960 we expect to lay out the development in lots and to cover the remaining areas with topsoil. Following this, new avenues and drainage gutters are to be finished and a planting program of shrubs and trees started. It is planned to have new lots available for sale in the near future.

The summary of the transactions is as follows:

Interments:	Non-resident	20
	Resident	22
	Total	<u>42</u>
Receipts:	Sale of lots	\$ 725.00
	Sale of Perpetual Care	3,550.00
	Annual care of lots	128.50
	Interments	1,870.00
	Grave Liners	375.00
	Foundations	170.00
	Miscellaneous	9.00
	Total	<u>\$6,827.50</u>

The number of lots sold during 1959, without considering differences in size, totaled 12, compared with 11 in 1958 and 14 in 1957.

In accordance with regular practice, receipts from the sale of lots and perpetual care were added to the Sale of Lots Fund and the Perpetual Care Fund, respectively. All other receipts were paid into the town treasury. Total expenditures amounted to \$20,604.81, of which \$14,474.66 were from the annual appropriations and the balance of \$6,130.15 from income from the Perpetual Care Funds.

Town Records, 1959, Condensed

TOWN RECORDS, 1959, CONDENSED

ANNUAL TOWN MEETING MARCH 30, 1959

Pursuant to a warrant duly served the annual town meeting was called to order in the lower town hall by Glenn N. Lempereur, Moderator, at 12 o'clock noon, March 30, 1959, for action on Article 1.

The Moderator determined and announced the presence of a quorum.

It was unanimously voted to dispense with the reading of the warrant.

Article 1. To bring in their votes for the following town officers to be voted for on one ballot:

The results of the election were as follows:

MODERATOR (for one year)

Glenn N. Lempereur, 43 Coburn Road, Caucus Nominee	749
Blank	62

TOWN CLERK (for three years)

Edward M. Dickson, 125 Highland St., Caucus Nominee	766
Wm. R. Dewey, Jr., 56 Pigeon Hill Road	1
Blank	44

SELECTMAN (for three years)

Edward R. Langenbach, 279 Meadowbrook Road, Caucus Nominee	679
Hamilton G. Reilly, 455 Glen Road	113
Scattering	3
Blank	16

BOARD OF PUBLIC WELFARE (for three years)

Herbert Crouch, 41 Summer Street	512
Alexander P. Hare, 360 Highland St., Caucus Nominee	289
Blank	10

ASSESSOR (for three years)

Geoffrey A. Sawyer, 37 Webster Road, Caucus Nominee	765
Blank	46

SCHOOL COMMITTEE (for three years)

Jean T. Weaver, 185 Winter St., Caucus Nominee	703
Eleanor M. Bump, 229 Ash St., Caucus Nominee	720
Scattering	4
Blank	195

TREASURER AND COLLECTOR (for one year)

Helen E. Cutting, 50 Newton St., Caucus Nominee	751
Blank	60

LIBRARY TRUSTEE (for three years)

A. Elizabeth Hower, 467 Concord Road, Caucus Nominee	761
Blank	50

TRUSTEE OF MERRIAM FUND (for three years)

Mary R. Berry, 143 Lexington St., Caucus Nominee	775
Blank	36

PARK COMMISSIONER (for three years)

John B. Paine, Jr., 140 Orchard Ave., Caucus Nominee	771
Blank	40

CEMETERY COMMISSIONER (for three years)

John B. Paine, Jr., 140 Orchard Ave., Caucus Nominee	767
Blank	44

BOARD OF HEALTH (for three years)

John H. Bishop, 63 Sudbury Road, Caucus Nominee	762
Blank	48
Scattering	1

MEASURERS OF LUMBER (for one year)

G. Murray Burke, 37 Wellesley St., Caucus Nominee	770

Blank	49
Scattering	2

RECREATION COMMISSION (for three years)

Joseph M. Bradley, 33 Sudbury Rd., Caucus Nominee	632
Robert J. MacMillan, 132 Wellesley St.	413
John H. Underhill, Jr., 67 Wellesley St., Caucus Nominee	447
Scattering	5
Blank	125

The Moderator, Glenn N. Lempereur, called the business meeting to order in the upper town hall at 8:00 P. M. and it was voted unanimously to dispense with the reading of the warrant.

The following resolution was unanimously adopted:

Resolved: We, the citizens of Weston in annual town meeting, take this occasion to express our appreciation of the faithful and able services to the Town of the following officers:

Mary O. Crawford, member of the school committee, who has devoted herself assiduously to the vital and difficult tasks and problems of the Town's public schools.

Harold B. Colpitts, whose untimely death has terminated a long period of valuable service as member and chairman of the board of water commissioners and as inspector of plumbing.

Robert A. Townsend, member of the recreation commission, who has devoted himself particularly to the problems of selecting and acquiring lands for recreational purposes.

James S. Turner, member and chairman of two special committees concerned with the construction of elementary school buildings, and Richard P. Berry and Camillo F. Petri, members of the special high school plant committee; they have contributed much to the process of expanding the plant of the public schools.

Walter H. Trumbull, associate member of the board of appeals, who has rendered conscientious service on this quasi judicial agency of great importance in the administration of the zoning by-law and building code.

J. Kenneth Bennett, Stanley G. French, Robert A. Warren, and Robert J. Wilkes, members of the finance committee, who have worked long and hard in dealing with the Town's financial problems.

The following resolution was unanimously adopted:

Resolved that we, the citizens of Weston in annual town meeting, take this occasion to express our appreciation to J. Sumner Viles,

member of our police force for 38 years and Chief for 29 years, for his tireless, courageous and honest service to the Town during a period of great growth of the Town and consequent expansion and modernization of the police force.

The following resolution was unanimously adopted:

Resolved: We, the citizens of Weston in annual town meeting, desire to express to Mrs. Marion Farnsworth Boynton our sincere appreciation of and thanks for her generous gifts to the Town of four parcels of land totalling some 41 acres as part of the town forest in the Jericho area.

The following resolution was unanimously adopted:

Resolved: We, the citizens of Weston in annual town meeting, desire to express to Albert E. Scott, Jr., our sincere appreciation of and thanks for his generous gift to the Town of a parcel of land of some two acres as part of the town forest in the Jericho area.

The following resolution was unanimously adopted:

Resolved: That the Town, recognizing the worth of the United Nations as a valuable instrumentality in the universal quest for world peace, approves the public observance of United Nations Day in 1959 and requests the moderator to appoint a committee of citizens to arrange suitable observance thereof.

Article 2. To hear and act upon reports of town officers and committees.

Voted: That the several reports of the town officers and committees as printed in the annual town report for 1958 be accepted and placed on file subject to any corrections which may be made by this meeting or by the town clerk.

Article 3. To raise and appropriate such sums of money as may be necessary to defray the costs of government and other town charges for the current year; and to fix the salaries and compensation of elected officers of the Town for the current year.

Voted (1): That the several sums of money recommended by the selectmen for appropriation in 1959 in accordance with section 5 of Article II of the by-laws, set forth on pages 25 to 36 of the annual town report for 1958, be appropriated for their respective purposes set forth on said pages.

The appropriations voted were as follows:

GENERAL GOVERNMENT

Selectmen — Chairman's Salary	\$ 200.00

Voted (2): That the rates per year of the salaries of the members of the board of selectmen, the town clerk, the treasurer and collector, the members of the board of public welfare, the members of the board of assessors, the members of the board of health, and the members of the board of water commissioners be fixed, effective from January 1, 1959, in amounts equivalent to the amounts appropriated for such salaries, respectively, by previous vote under this article; and that all other elected officers of the Town be unpaid.

Voted (3): That five persons be appointed by the moderator to serve as a Memorial Day Committee in 1959, with authority to expend for the observance of that day the sum of \$400.00 already appropriated for that purpose by previous vote under this article.

Voted (4): That in purchasing a new patrol car for the police department the allowance made for turning in the present car may be applied to the purchase price.

Article 4. To authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the current financial year, and to issue and renew or refund a note or notes therefor.

Voted: That the town treasurer, with the approval of the selectmen, be authorized to borrow from time to time in anticipation of the revenue of the current financial year to an amount not exceeding \$200,000.00, and to issue therefor a note or notes each payable within one year from its date, and to renew or refund any note or notes given for a period of less than one year in accordance with General Laws, chapter 44, section 17.

Article 5. To transfer money from the overlay reserve fund to the reserve fund.

Voted: That the sum of \$17,400.00 be transferred from the overlay reserve fund to the reserve fund.

Article 6. To appropriate money from available funds for the purpose of deduction by the assessors in determining the annual assessment of taxes in the current year.

Voted: That the sum of \$50,000.00 be appropriated from available funds for the purpose of deduction by the assessors in determining the annual assessment of taxes in the current year.

Article 7. To appropriate for the support of the Public Library the dog license refund received in the current year.

Voted: That the sum of \$1,607.06, being the amount of the 1959 dog license refund received from the treasurer of Middlesex County, be appropriated for Libraries — Other Expenses, in addition to the

amount already appropriated for that purpose by vote under Article 3.

Article 8. To appropriate money from available funds, being money received from the Commonwealth under the provisions of Chapter 718 of the Acts of 1956, as amended, for the Town's share of chapter 90 highway construction.

Voted: That the sum of \$28,465.89, being money received from the Commonwealth under the provisions of chapter 718 of the Acts of 1956, as amended, be appropriated from available funds for the Town's share of chapter 90 highway construction.

Article 9. To appropriate money from available funds in anticipation of state and county reimbursement for chapter 90 highway maintenance and construction.

Voted: That the sums of \$2,200.00 and \$12,750.00 be appropriated from available funds to meet that part of the cost of chapter 90 highway maintenance and chapter 90 highway construction, respectively, which falls upon the Commonwealth and Middlesex County; the reimbursements from the Commonwealth and Middlesex County to be restored upon their receipt to available funds.

Article 10. To appropriate money, to be provided by borrowing and/or by taxation and/or from other sources, for laying or relaying water mains, and to authorize the issuing of bonds or notes.

Voted: That the sum of \$100,000.00 be appropriated from available funds to the "Blanket Extensions" account of the water department for the use of the water commissioners for laying or relaying water mains not less than six inches but less than sixteen inches in diameter.

Article 11. To accept either or both of layouts of Radcliffe Road and Wildwood Lane as public town ways made by and described in orders of the selectmen adopted March 21, 1959, on file in the office of the town clerk.

Voted unanimously (1): That the Town accept a layout of Radcliffe Road as a public town way made by and described in an order of the selectmen adopted March 21, 1959, on file in the office of the town clerk.

Voted unanimously (2): That the Town accept a layout of Wildwood Lane as a public town way made by and described in an order of the selectmen adopted March 21, 1959, on file in the office of the town clerk.

Article 12. To appropriate additional money for the acquisition of lands under the authority of the vote adopted under Article 20 of the warrant at the town meeting held on March 21, 1955, authorizing

the acquisition of certain lands for a public domain or domains to be used as a town forest or forests.

Voted unanimously: That the additional sum of \$2,400.00 be appropriated from available funds for the use of the selectmen for the acquisition of lands under the authority of the vote adopted under Article 20 of the warrant at the town meeting held on March 21, 1955, authorizing the acquisition of certain lands for a public domain or domains to be used as a town forest or forests.

Article 13. To establish a special committee to study and investigate the plant and facilities of the public library, and to appropriate money for the use and purposes of such committee.

Voted: That a special library plant committee of seven citizens of the Town be established (and continue in office until discharged by the Town) to study and investigate the plant and facilities of the public library, and to make a written report with its recommendations to the Town as soon as possible; that the moderator appoint the members of the committee and fill any vacancies in its membership; and that the sum of \$500.00 be appropriated for the use and purposes of the committee.

Article 14. To authorize the disposition of certain obsolete easements and pipe of the Town's water system in land on Paine's Hill.

Voted: That the water commissioners be authorized in the name and behalf of the Town to dispose of, by release, abandonment, or otherwise, and upon such terms as they think best, the appurtenant rights granted by Charles J. Paine to the Weston Water Company by deed dated November 12, 1895, recorded in Middlesex South District Deeds, Book 2499, Page 355, and now held by the Town, and the line of water pipe maintained by the Town across land of the Trustees under the will of Charles J. Paine pursuant to said rights.

The meeting was dissolved at 9:51 P. M.

SPECIAL TOWN MEETING OCTOBER 7, 1959

Pursuant to a warrant duly served a special town meeting was held on October 7, 1959, in the High School gymnasium.

The Moderator called the meeting to order at 8 P. M. and determined and announced the presence of a quorum.

It was unanimously voted to dispense with the reading of the warrant.

Article 1. To appropriate money for the construction and original equipping and furnishing, by authority of the vote adopted under

Article 1 of the warrant at the town meeting held on June 19, 1958, and on the site at the southeast corner of South Avenue and Wellesley Street referred to in said vote and since acquired by the Town, of a new public high school building not including a swimming pool, such money to be provided by borrowing and/or by taxation and/or from other sources; and to authorize the issuing of bonds or notes.

Voted: That there be appropriated, for the use of the special high school plant committee established at the town meeting held on March 25, 1957, and continued in office by the vote adopted under Article 1 of the warrant at the town meeting held on June 19, 1958, for the purpose of causing the construction and original equipping and furnishing of a new public high school building, the sum of \$2,406,500.00 for the construction and original equipping and furnishing of such a building, not including a swimming pool, on the site at the southeast corner of South Avenue and Wellesley Street referred to in said vote of June 19, 1958, and since acquired by the Town; and that of said sum \$6,500.00 be appropriated from available funds and, with the approval of the State emergency finance board so far as required, \$2,400,000.00 be raised by borrowing outside the statutory limit under the authority of Acts of 1948, chapter 645, as amended, to which end the town treasurer, with the approval of the selectmen, be authorized to prepare, issue, and sell bonds or notes of the Town at one time or from time to time, and to determine in conformity to law the period of the loan or loans, all particulars as to the form, issue, and sale of said bonds or notes, their annual maturities, and the rate and times of payment of interest on them.

Adopted by a vote of 416 in the affirmative and 28 in the negative.

Article 2. To vote an increase in or addition to any appropriation under Article 1 of this warrant for the construction and original equipping and furnishing of a new public high school building so that said building shall include a swimming pool, such increase or addition to be provided by borrowing and/or by taxation and/or from other sources; and to authorize the issuing of bonds or notes.

Mr. Leo Glynn moved: That the appropriation of \$2,406,500.00 made by the vote adopted under Article 1 of the warrant at this town meeting for the use of the special high school plant committee for the construction and original equipping and furnishing of a new public high school building be increased to \$2,558,500.00 so that said building shall include a swimming pool; and that of said increased sum \$6,500.00 be appropriated from available funds and \$2,552,000.00 be raised by borrowing and issuing of bonds or notes of the Town as provided in said vote.

Mr. Glynn's motion was defeated by a vote of 119 in the affirmative and 303 in the negative.

Article 3. To appropriate money, to be provided by borrowing and/or by taxation and/or from other sources, for laying or relaying water mains, and to authorize the issuing of bonds or notes.

Voted unanimously: That the sum of \$40,000.00 be appropriated for the use of the water commissioners for laying a water main not less than six inches but less than sixteen inches in diameter in South Avenue from Oak Street westerly to Wellesley Street, and be raised by borrowing outside the statutory limit under the authority of chapter 44 of the General Laws, as amended, to which end the town treasurer, with the approval of the selectmen, be authorized to prepare, issue, and sell bonds or notes of the Town at one time or from time to time, and to determine in conformity to law the period of the loan or loans, all particulars as to the form, issue, and sale of said bonds or notes, their annual maturities, and the rate and times of payment of interest on them.

Voted unanimously: That the sum of \$85,000.00 be appropriated from available funds to the "Blanket Extensions" account of the water department for the use of the water commissioners for laying or relaying water mains not less than six inches but less than sixteen inches in diameter.

Article 4. To appropriate additional money for Water Department — Expenses for the current year.

Voted: That the additional sum of \$7,500.00 be appropriated from available funds for Water Department — Expenses for the current year.

Article 5. To appropriate additional money for Insurance — Fire and Boiler for the current year.

Voted: That the additional sum of \$1,600.00 be appropriated from available funds for Insurance — Fire and Boiler for the current year.

Article 6. To authorize conveyance to Shell Oil Company of easements for cathodic protection facilities in forest land of the Town on the north side of the Boston and Maine Railroad.

Voted: That the selectmen be authorized to convey in the name and behalf of the Town to Shell Oil Company easements for cathodic protection facilities in the forest land of the Town located on the north side of the Boston and Maine Railroad and shown as Lot 15 on Land Court plan no. 14888J; the nature of such easements, the consideration for the conveyance, and other terms and conditions thereof to be in the discretion of the selectmen.

Article 7. To amend Section 2 of Article I of the By-laws to read substantially as follows: Section 2. Subject to law, the Selectmen shall fix and state in the warrant for the annual town meeting the hour at which the meeting shall be called and the polls opened, and an hour, not earlier than 7:30 o'clock p. m., for the transaction of all business other than the election of officers and the determination of matters by ballot.

Voted unanimously: That Section 2 of Article I of the By-laws be amended to read as follows: Section 2. Subject to law, the Selectmen shall fix and state in the warrant for the annual town meeting the hour at which the meeting shall be called and the polls opened, and an hour, not earlier than 7:30 o'clock p. m., for the transaction of all business other than the election of officers and the determination of matters by ballot.

The amendment of Section 2 of Article I of the By-Laws was approved by the Attorney-General on November 9, 1959, and was published in the Waltham News Tribune on January 4, 6, and 8, 1960.

The meeting was dissolved at 11:04 P. M.

APPOINTMENT BY BOARD OF SELECTMEN
AND BOARD OF WATER COMMISSIONERS

To fill vacancy caused by death of Harold B. Colpitts:
William B. Tyler

THE FOLLOWING SELECTED VOTES WERE ADOPTED BY
THE SELECTMEN DURING 1959

January 20, 1959:

Voted to approve and sign confirmatory deed to Massachusetts Turnpike Authority and form R. W. 25 of the Authority relative to the settlement of a claim of the Town of Weston for damages from a taking of easement over land owned by Town of Weston for water purposes southerly from South Avenue and westerly from State Highway Route 128 known as Fitzgerald Well site. The deed and document were signed accordingly.

February 3, 1959:

Voted to authorize the Executive Secretary to sign on behalf of the Town of Weston an amendment to Metropolitan Life Insurance Company group policy No. 16503G incorporating changes effective September 1, 1958, to bring the policy into accord with the provisions of chapter 32B of the General Laws accepted by Town of Weston at annual election, March 31, 1958.

Voted to approve the terms of a gratuitous deed dated January 5, 1959, by Marion Farnsworth Boynton to the Town conveying lot 15 shown on land court plan No. 14888J as an addition to the town forest together with certain rights and to ratify the acceptance and registration of such deed.

March 2, 1959:

Voted to approve and sign a request to Department of Public Works for approval of project for relocation of Wellesley Street between Chestnut Street and South Avenue for grant of funds under Chapter 718 of Acts of 1956. The request was signed accordingly.

The board considered laying out Radcliffe Road, Page Road, and Wildwood Lane as public town ways in whole or in part. Voted that written notices of intention to make such layouts and of hearings to be held thereon at the Jones House on Thursday, March 12, 1959, be served by a police officer on behalf of the board.

Voted to ratify, and approve offer made in letter of February 24, 1959, to Trustees under the will of Charles J. Paine by the Chairman of the Board of Selectmen setting forth the terms for purchase by the Town of land at the southeast corner of South Avenue and Wellesley Street for School purposes as authorized by vote of special town meeting, June 4, 1958.

March 10, 1959:

Voted that the Town Treasurer with the approval of the Selectmen borrow \$78,000.00 by the issue and sale of a note of the Town for the purpose of purchasing land for school purposes as voted by the Town at the special town meeting held on June 4, 1958, under Article 2.

Voted that School Land Loan note authorized to be issued by vote of the Town duly adopted June 4, 1958, and by vote of the Selectmen earlier at this meeting shall be issued in the amount of \$78,000.00, shall be dated March 16, 1959, shall mature on November 3, 1959, that the interest rate on said note shall be fixed at 1.60 per cent per annum payable at maturity, and that the Director of the Division of Accounts of the Commonwealth shall certify as to the genuineness of said note. Further **voted** to approve the sale of said note to Newton-Waltham Bank and Trust Company and that the Town Treasurer be and she hereby is authorized to deliver said note to the aforesaid purchaser. The board in accordance with the foregoing votes signed the note and related documents.

March 12, 1959:

Pursuant to notices issued under date of March 4, 1959, the board held hearings at the Jones House on the proposed layouts of Page Road, Wildwood Lane and Radcliffe Road.

March 21, 1959:

Voted to adopt and sign the warrant for the annual town meeting to be held on March 30, 1959, and that attested copies thereof be posted at the Town Hall, at the Kendal Green railroad station, and on the town bulletin board at the junction of South Avenue and Newton Street. The warrant was accordingly signed.

Reports having been received from the Planning Board concerning the proposed layouts of Radcliffe Road and Wildwood Lane it was **voted** to adopt, sign and file in the office of the town clerk layout orders for Radcliffe Road and for Wildwood Lane and the plans made part of the orders. The orders and plans were signed and filed accordingly.

April 14, 1959:

Voted to accept the proposal of Addressograph-Multigraph Corp., submitted pursuant to notice to bidders advertised April 3, 1959, in The News Tribune, Waltham, Mass., for furnishing power operated, mechanical addressing and listing equipment (Model 1955 Addressograph with attachments) for the sum of \$3,571.45. This was the only bid received pursuant to advertising as indicated above.

April 27, 1959:

Voted under the authority of the vote adopted under Article 2 at the Town meeting held on June 4, 1958, to approve purchase from the trustees under the will of Charles J. Paine, for \$85,000.00 of a parcel of land containing about 62.37 acres situated at the southeast corner of South Avenue and Wellesley Street, by deed dated April 15, 1959, recorded April 24, 1959, as instrument No. 231, and plan dated September 29, 1958, recorded as plan No. 546 of 1959; and to approve and ratify the acceptance and recording of the deed with the plan, and the delivery of the Town's checks to the sellers for the purchase price and the amount of tax adjustment, by the town counsel.

The board considered two orders of taking by eminent domain pertaining to Radcliffe Road and Wildwood Lane, recently laid out and accepted as public town ways. Voted to adopt and sign such orders and to file them in the office of the town clerk. This was done accordingly. Further voted that the town counsel be instructed to register and record certified copies of such orders and of the plans referred to therein at the registry of deeds within thirty days. Further voted that after such registration and recording entry be made upon each of the two ways.

May 11, 1959:

Voted to accept proposal of International Harvester Company, dated April 28, 1959, submitted pursuant to notice to bidders advertised in The News Tribune, Waltham, Mass., April 22, 1959, for furnishing to the Highway Department of the Town of Weston two truck chassis, International Model B-172, in accordance with the notice to Bidders, Instructions and Specifications for the sum of \$5,744.06.

Voted to designate Douglas Mercer, member of the board of selectmen, to serve as a member of so-called Tavern Committee, provided for under the terms of the lease between Town of Weston and Society for the Preservation of New England Antiquities for use of Jones House.

June 15, 1959:

Voted to agree to the requirements of the Metropolitan District Commission as conditions for granting necessary parcel of land for highway purposes in connection with the relocation of Wellesley Street and Chestnut Street. The Town will erect four foot high chain link fence with ten foot wide drive gates all as set forth in letter of June 2, 1959 from Middlesex County Commissioners to Mr. Thomas F. Hanron, District Highway Engineer of Department of Public Works.

June 22, 1959:

Voted to accept the proposal of Gulf Oil Corporation, dated June 12, 1959, submitted pursuant to notice to bidders advertised June 11, 1959, in The Town Crier, Weston, Mass., for furnishing either Gulf No-Nox Gasoline or That Good Gulf Gasoline for the year ending June 30, 1960, at the posted commercial consumers' tank wagon price for the Boston Market less a firm increment of \$.0395 per gallon plus Commonwealth of Massachusetts tax of \$.055 per gallon. This was the lowest bid received pursuant to advertising as indicated above.

Voted to accept proposals submitted pursuant to notice to bidders advertised June 11, 1959, in The Town Crier, Weston, Mass., for furnishing fuels for town buildings for the year 1959-1960 as follows:

- a) Buckley & Scott Co., Watertown, Mass., dated June 5, 1959, for No. 1 fuel oil at the posted tank car price for the Boston Market plus \$.029 per gallon;
For No. 2 fuel oil at the posted tank car price for the Boston Market plus \$.0084 per gallon.

- b) Petroleum Heat and Power Company, Boston, Mass. dated June 18, 1959, for No. 5 fuel oil at the posted tank car price for the Boston Market less a firm increment of \$.15 per barrel;
- c) Glendale Coal and Oil Company, Somerville, Mass., dated June 15, 1959, for bituminous stoker coal @ \$15.90 per net ton, subject to increases or decreases in mine wages, freight charges, and state, municipal and other taxes.

Received report that two new International Harvester truck chassis have been received by the Highway Department. **Voted** to authorize sale for junk of two 1946 Ford trucks, replaced by new units, for not less than \$200.00 each.

July 27, 1959:

The Board considered proposals received pursuant to an invitation to bidders for the installation of a traffic control signal system at the corner of South Avenue and Wellesley Street. The low bid was received from R. W. Le Baron, Inc., 74 Rumford Street, Waltham, the sum being \$3,898. **Voted** to accept the proposal of and award a contract to R. W. Le Baron, Inc. for this installation all in accordance with contract and specifications issued with the invitation for bids. This vote is subject to the determination by the Executive Secretary that the equipment to be installed would permit the future addition of directional arrows if that should prove desirable and subject further to the determination of the cost to install signal housings with 12" lenses facing east and west bound traffic on South Avenue.

The Board **voted** to call a general meeting of all elected town officers on Monday, September 21, 1959 for the purpose of communicating the plans and programs of the Selectmen for the year and to give an opportunity for discussion of problems and plans on the part of other town boards.

August 10, 1959:

The Board **voted** to authorize a modification to the contract with R. W. LeBaron, Inc. for the installation of traffic control signal system at the intersection of South Avenue and Wellesley Street to provide for the installation in the housings of 12" lenses facing traffic on South Avenue. The contract sum to be increased from \$3,898 to \$4,098. Further **voted** to request from the Finance Committee a transfer from the reserve fund to the appropriation Traffic Signals-Construction and Installation of \$98 to permit the installation of such 12" lenses.

August 24, 1959:

The board **voted** to approve and sign and signed accordingly a Memorandum of Agreement in duplicate between the Department of Public Works and the Town of Weston in the amount of \$1,100. for Chapter 90 Maintenance work on South Avenue for the year of 1959. **Voted** to authorize the Executive Secretary to forward signed copies

to the Secretary of the Department of Public Works with the understanding that upon execution by the Commissioners one copy will be returned to the Town of Weston.

September 28, 1959:

Voted to adopt and sign the warrant for special town meeting to be held on October 7, 1959, and that attested copies thereof be posted at the Town Hall, at the Kendal Green Railroad Station and on the Town bulletin board at the junction of South Avenue and Newton Street. The warrant was accordingly signed.

October 19, 1959:

In this connection the board **voted** to establish as a policy the following:

Inasmuch as there is now available to private organizations and individuals the mailing services rendered by Mr. Allen W. Sawyer, proprietor of the Kien Chung Tea House, the Town of Weston will discontinue addressing mail for all organizations except official boards, committees and departments of the Town of Weston. In the event that such private organizations or individuals are unable to obtain the necessary service from the private firm, the Town of Weston will undertake to perform the addressing services with its equipment and list of residents, but at the same rate as is charged by Mr. Sawyer for non-commercial purposes which at the present time is \$6.50 per 1000 names. This policy shall become effective upon publication in the Town Crier and not later than January 1, 1960.

October 26, 1959:

Voted to authorize amendment of contract with R. W. Le Baron, Inc. for installation of traffic control signal system at intersection of South Avenue and Wellesley Street to provide for manually operated pedestrian crossing cycle by modification of specifications of controller to be furnished and of wiring to be installed for the sum of \$486.00 additional.

December 1, 1959:

Voted that the Town Treasurer with the approval of the Selectmen borrow \$40,000.00 by the issue and sale of note of the Town for the purpose of laying a water main in South Avenue as voted by the Town at the special town meeting held on October 7, 1959, under Article 3.

Voted that Water Loan #21 consisting of note #370 authorized to be issued by vote of the Town duly adopted October 7, 1959, and by vote of the Selectmen earlier at this meeting, shall be issued in the amount of \$40,000, shall be dated December 1, 1959, shall mature on December 1, 1960, that the interest rate on said note shall be fixed at 2.4 per cent per annum, and that the Director of the Division of Accounts for the Commonwealth shall certify as to the genuineness of

said note. Further **voted** to approve the sale of said note to Merchants National Bank of Boston at par and that the Town Treasurer be and she hereby is authorized to deliver said note to the aforesaid purchaser.

Voted to approve for removal of ice and snow upon petition of the abutters those portions of private ways described as follows: King's Grant Road from Spruce Hill Road to Bradford Road; Bradford Road from King's Grant Road to Bay State Road; and Bay State Road from Bradford Road to Spruce Hill Road.

Certificates of entry on Wildwood Lane and Radcliffe Road were adopted and signed. **Voted** that the certificates be recorded and registered, and that notices of the takings made in connection with these ways be sent to owners and mortgagees in conformity to General Laws Chapter 79, section 8.

Voted to execute a deed conveying to Shell Oil Company easements for cathodic protection facilities in the forest land of the Town located on the north side of the Boston and Maine Railroad and shown as Lot 15 on Land Court plan No. 14888J; and to authorize either the town counsel or the executive secretary to deliver the deed against payment of \$100.00 as consideration for the conveyance. The deed was accordingly executed.

December 10, 1959:

Voted that the Town Treasurer with the approval of the Selectmen borrow \$300,000 by the issue and sale of notes in anticipation of serial loan for the purpose of constructing new high school building as authorized by vote of special town meeting held on October 7, 1959, under article 1.

Voted that four notes in anticipation of serial loan (under authority of General Laws, Chapter 44 Section 17) authorized to be issued by vote of Town duly adopted October 7, 1959, and by vote of the Selectmen earlier at this meeting shall be issued, two in the amount of \$100,000 each, and two in the amount of \$50,000 each, shall be dated January 2, 1960, shall mature July 2, 1960, that the interest rate on said notes shall be fixed at 2.6 per cent per annum payable at maturity, that the interest shall be pro-rated if notes are paid off before July 2, 1960, and that the Director of the Division of Accounts of the Commonwealth shall certify as to the genuineness of said notes. Further **voted** to approve the sale of said notes to Merchants National Bank of Boston at par and that the Town Treasurer be and she hereby is authorized to deliver said notes to the aforesaid purchaser.

December 15, 1959:

Voted to accept proposal of Corcoran Motor Sales Co., Inc. Wellesley Hills, Mass. dated December 11, 1959, submitted pursuant to notice to bidders advertised in The Town Crier, Wayland, Mass., December 3, 1959, for supplying in accordance with Notice to Bidders, Instructions

and Specifications a 1960 model Ford four door metal station wagon (Country Sedan) for use of the Police Department for the sum of \$1,894.00, being the net cost to the Town of Weston after deducting trade-in allowance of \$831.00 for 1957 Ford Del Rio Wagon.

Voted to accept proposal of the Lexington Press, Inc. of Lexington, Mass., dated December 8, 1959, submitted pursuant to notice to bidders advertised in The Town Crier, Wayland, Mass., December 3, 1959, for printing the 1959 Weston Town Report at the unit prices per page set forth in the proposal for an estimated cost of \$2,133.19 based on number of pages at each price assumed for bid comparison purposes only.
